Dear Mr Pius

**RE: APPLICATION FOR CONSENT FOR EXPLORATION INDUSTRIAL MINERALS
EPLS 7136, 7784 AND 8069**

NHC hereby acknowledge receipt of your application for consent and HIA report titled **HERITAGE IMPACT ASSESSMENT REPORT ON EPLS 7136, 7784 AND 8069 OF INDUSTRIAL MINERALS LOCATED 36KM SOUTH OF WINDHOEK**. which we have reviewed and would like to bring the following to your attention.

Upon the review of the Heritage Impact Assessment the Council took a decision that information provided in the HIA should be verified before issuance of the consent. This is due to highly sensitive heritage resources within and around the area of interest.

The primary task of the verification for Heritage Impact Assessment is to identify sensitive heritage resources that could be affected by the proposed exploration activities with the view to preserve and safeguard heritage resources. The verification is fundamental part of the HIA process and forms basis of recommended management actions to avoid or reduce negative impacts. The process is in line with legal requirement of section 55 (5) (b) of the National Heritage Act, Act no. 27 of 2004.

Council Members: Mr Moses Moses (Acting -Chairperson), Ms Helke Mocke (Vice Chairperson) Ms. Sanet Steenkamp (Executive Director), Ms Elizabeth Brown (Treasurer), Mr Herbert Karapo, Mr Kennedy Kariseb

Against this background NHC hereby informs you that the verification is recommended and the date will be communicated to you as soon as possible. As per section 55 (5) (d) of the National Heritage Act (Act.No.27 of 2004).The cost of such verification shall be borne by the proponent.

We look forward hearing from you.

Yours in Heritage Conservation and Management,

.....
Mrs. Erica Ndalikokule

Director

National Heritage Council of Namibia
