APPLICATION FOR EXCLUSIVE PROSPECTING LICENCE IN THE JURIDICTION OF UIS

In terms of the Traditional Authorities Act (Act no. 25 of 2002), Subject to Section (3) (1), Powers, Duties and Functions of Traditional Authorities and members thereof:

-Subject to Sub Section (2) (c)

-To ensure that the members of his Traditional Community use the natural resources, as well as minerals at their disposal on a sustainable basis and in a manner conserves the environment and maintain the ecosystems for the benefit of all Namibians

And in terms of the Minerals (Prospecting and Mining) Act 33 of 1992 Section 139 (2) It's provides for the reconnaissance, prospecting and mining for, disposal and exercise of control over minerals in Namibia.

1. We have no objection to grant you a permission to start operating with your mining and prospecting, provided by the Act, above-mentioned.
2. Also, as per the corporate social responsibility you are binded to adhere to this provisions at all times.
3. Five percent (5%) of profit sharing will be deposited in the Trust Account of the Däures Daman Traditional Authority when the initial mining operation has started.
4. The above benefit is acceptable, but taking into consideration, this arrangement becoming a wait that in most of the applications is not realized, to only hear that the investor had withdrawn or was never found that after 5 or 10 years, without no benefit to the T/A Community Trust while drilling and damage was done and minerals are exported under the pretext of samples. Therefore, the above

benefit criteria must be reconsidered to benefit at drilling stages as will be consulted and agreed upon.

5. Employment creation, first options must be granted to the local community of Uis and the surroundings, other Namibians are not excluded.
6. To carry out all operation peacefully, there must always be a communication channel between us.
7. Finally our leadership has no objection as stated, we wish that the concerned line Ministry grants you an EPL and wish you success in your future endeavors to uplift and contribute towards the socio-economy development of our Country Namibia.

Thanking you in advance

You're sincerely,

Chief Seibeb
