PUBLIC CONSULTATION MEETING MINUTES:

ENVIRONMENTAL SCOPING ASSESSMENT (ESA) FOR THE PROPOSED SMALL-SCALE MINING ACTIVITIES ON MINING CLAIMS (MCs) NO 73350 - 73352 LOCATED NEAR OPUWO IN KUNENE REGION, NAMIBIA

Date: Wednesday, 14 September 2022

Time: 11h30 – 14H25

Venue: Ohandungu Primary School

The Public Consultation Meeting was attended by one hundred and twenty-six (126) people, includings: an environmental consultant, a GIS technician, and an Archaeologist from Excel Dynamic Solutions (Pty) Ltd (EDS), teachers at Ohandungu Primary School, representatives from; Epupa Constituency Office; Traditional Councils; Traditional Authority; Conservancy, and community members. *-Please refer to the attached attendance register*

1. INTRODUCTION AND WELCOMING REMARKS

The meeting was officially opened by Mr. Johannes Nomehi and he requested one of the community elders to open the meeting with a prayer. He later expressed gratitude to everyone in attendance for making time to attend the meeting. He introduces the chief and all the traditional council that was in the meeting.

He then handed the floor to Ms. Aili lipinge (the Environmental Assessment Practitioner (EAP) / Consultant) to introduce herself and her colleagues. Ms. lipinge expressed gratitude to everyone in attendance for making time to attend the meeting. She briefly explained to the

attendees what the meeting was all about and why they were invited (with reference to the Environmental Management Act (EMA) No. 7 of 2007 and its 2012 Environmental Impact Assessment (EIA) Regulations on Public Consultation).

Given the fact that some of the meeting attendees were elders and Otjiherero is a well-spoken language in that area, Mr. Johannes translate for the elders and everyone who does not understand English (from English to Otjiherero). This was to ensure transparency and effective communication and make sure that all comments and other inputs presented in the local language were recorded in the minutes for consideration in the ESA Report.

The meeting attendance register was then circulated for the attendees to write down their names and contact details and sign so that they could be added to the list of interested and affected parties (I&APs) and receive further information on the ESA process.

2. MEETING AGENDA AND PRESENTATION

The agenda of the meeting included the following:

2.1. Brief Description of the Project

Ms. lipinge provided a short description of the planned project and its associated activities, the Environmental Scoping Assessment (ESA) process, and the reason why the proponent appointed EDS, as an independent environmental consultant to carry out the EIA and Environmental Clearance Certificate (ECC) application.

2.2. Presentation of Potential Project Impacts:

To ensure transparency and provide clarity to the attendees, the Environmental Consultants also presented the potential pre-identified positive, negative environmental, and social impacts.

2.3. Public Open Discussion (Interactive Session):

Ms. lipinge provided the meeting attendees the opportunity to raise their concerns or issues and or comment on the proposed project activities. The issues and comments are presented in **Table 1** below.

FINAL REMARKS AND CONCLUSION OF THE MEETING

Ms. lipinge thanked the attendees for their input. She indicated to them that all the comments and concerns have been noted down for consideration and will be addressed and incorporated into the draft ESA report and the Environmental Management Plan (EMP).

Furthermore, they were informed that the draft meeting minutes, the ESA report, and the EMP will be shared with them for review and further comments. These documents will be made available through emails provided on the attendance register. Once the review of the draft ESA report and the EMP is done, the documents will be finalized and submitted to the Environmental Commissioner at the Department of Environmental Affairs and Forestry (DEAF) for evaluation and consideration of an ECC.

The meeting was adjourned at 14h25.
