OFFICE OF THE ENVIRONMENTAL COMMISSIONER

The Managing Director
Namibia Power Corporation
P. O Box 2864
Windhoek

Dear Sir

SUBJECT: ENVIRONMENTAL CLEARANCE CERTIFICATE FOR THE PROPOSED UPGRADE AND OPERATION OF THE OKAPYA SUBSTATION, OSHANA REGION.

The Environmental Impact Assessment and Environmental Management Plan submitted is sufficient as it made adequate provisions of the environmental management concerning the project's activities. From this perspective regular environmental monitoring and evaluations on environmental performance should be conducted. Targets for improvements should be established and monitored throughout this process.

This Ministry reserves the right to attach further legislative and regulatory conditions during the construction and operational phase of the project.

On the basis of the above, this letter serves as an Environmental Clearance Certificate for the upgrade and operation of the Okapya Substation. However, this clearance letter does not in any way hold the Ministry of Environment and Tourism accountable for misleading information, nor any adverse effects that may arise from this project activity. Instead, full accountability rests with Namibia Power Corporation and their consultants.

This environmental clearance is valid for a period of 3 (three) years, from the date of issue unless withdrawn by this office.

Yours sincerely,

Teofilus Nghitila
ENVIRONMENTAL COMMISSIONER
