Re: Fuel Retail Facility: Namops Logistics Walvis Bay

EMP/Consultation: Please note that the EMP and Proof of Public Consultation for the Namops Logistics Fuel Retail Facility in Walvis Bay forms part of the EIA Report.

Consent: A meeting with the Municipality of Walvis Bay was held on 03 March 2020. The minutes are presented on Page 40 in Appendix A of the scoping report. Apart from alternative designs no objections were raised by the Municipality against the facility. The municipality stated that consent will be issued upon application by the client pending receipt of the ECC. Also, consent from the Ministry of Mines and Energy in the form of a Petroleum Products Licence, is dependent on the outcome of the EIA and EMP.

Thank you in advance.

Sincerely,

Geo Pollution Technologies
