NOTIFICATION AND CALL FOR PUBLIC PARTICIPATION: ENVIRONMENTAL IMPACT ASSESSMENT (EIA) STUDIES FOR PROPOSED NEW FACILITIES AND DEVELOPMENT OF ENVIRONMENTAL MANAGEMENT PLANS (EMPs) FOR EXISTING FACILITIES FOR 12 LOCAL AUTHORITIES IN NAMIBIA

Excel Dynamic Solutions (Pty) Ltd (EDS) recognized the knowledge gap on Environmental Impact Assessment (EIA) and Management in most, if not all Environmental Health Officers (EHOs) in Local Authorities (Municipalities, Town & Villages Councils) of Namibia. Subsequently, EDS organized a Free, Hands-on 2-day EIA Training for the Officers, which was held from the 25 to 26 November 2021 in Windhoek. The Training was aimed at giving exposure to the Municipal, Town & Village Councils' EHOs on the environmental impact assessment process with specific reference to townships development, waste management, urban geology, integrated water resource management and sustainability.

Upon completion of the Training, the EHOs and representatives of the Local Authorities shared with EDS some of their existing facilities or planned projects that are listed activities in the Environmental Management Act (EMA) No. 7 of 2007 and its 2012 EIA Regulations requiring Environmental Clearance Certificates (ECCs). EDS then offered to assist every represented Local Authority with one project of their choice each (new or existing) to obtain an ECC at no cost to the Local Authorities. Thrilling... Real Madrid's French striker Karim Benzema is tackled by Manchester City's Ukrainian midfielder Oleksandr Zinchenko (L) as he scores his team first goal during the UEFA Champions League semi-final. Photo: Nampa/AFP

Man City make their UCL mark but Benzema keeps Real

“We have to do a magical thing,” said Karim Benzema after Real Madrid performed another Houdini act in the Champions League to escape only 4-3 down from Tuesday’s thrilling semifinal, first leg against Manchester City

Benzema set up what should be a special night at the Santiago Bernabeu on May 4 by scoring twice to take his tally for the season to 41 goals in as many games.

Without the Frenchman, Madrid’s quest for a 14th European crown would have long since sunk.

Benzema scored hat-tricks against both Paris Saint-Germain and Chelsea in the past two rounds as Real walked a tightrope to reach the last four for the 30th time.

By contrast, this was just City’s third trip to the semifinals, but the English champions justified their status as tournament favourites on the night the Etihad Stadium may finally have warmed to the Champions League.

The competition’s anthem was again lustily booed before kick-off by City fans who have not forgotten the financial fair play charges laid against their club by Uefa.

Had City not successfully appealed to the Court of Arbitration for Sport, they would have been banned from the Champions League for the past two seasons.

Instead, they are 90 minutes

away from reaching the final for a second consecutive season.

It was the first time the City fans had something to cheer in a semifinal.

When the sides met at this stage in 2016, Madrid edged a cagey tie 1-0 on aggregate.

Last season, City swept aside Paris Saint-Germain but in front of empty stadiums due to coronavirus restrictions.

This time it took just 10 minutes for Madrid to be clinging on to stay in the tie.

Kevin De Bruyne headed in after 90 seconds before Gabriel Jesus doubled the home side’s lead.

Riyad Mahrez and Phil Foden should have put Real out of sight, but PSG and Chelsea had similar regrets only to be stung by the survival instincts of Carlo Ancelotti’s men.

“When you lose it isn’t good,” said Ancelotti, dismissing suggestions he should be pleased to have escaped still alive in the tie. “It is easy to read this game, we were good on the ball and bad without it.”

THE HOLY GRAIL

Once again it was left to Benzema to dig Los Blancos out of the mire by halving the deficit before halftime.

A wild second half raged from end to end as Foden and Bernardo Silva extended City’s advantage, only to be pegged back by Vinicius Junior’s stunning solo run and

finish before Benzema had the final word from the penalty spot. “No one can say they didn’t enjoy it,” said Guardiola. “It was a good advertisement for football.

Eleven years have passed since Guardiola last lifted the European Cup as Barcelona coach.

That same year City began their Champions League journey, backed by the wealth of Abu Dhabi that has made them the dominant force in English football over the past decade.

Now in Guardiola’s sixth season, conquering Europe remains their holy grail.

There has been much frustration at the failures along the way, particularly when Guardiola has at times tried to be too clever by half

But the sight of Madrid being put to the sword with the eyes of the world on the Etihad was why City have invested so much to bring the Spaniard to east Manchester and keep him around longer than he has stayed at any other club.

“There is not one complaint about the result, the performance,” added Guardiola. “I’m so proud and incredibly happy with the way we performed.”

The ultimate test of whether City are ready to win the Champions League awaits next week when the cauldron of the Bernabeu will expect another Real revival.

NOTIFICATION AND CALL FOR PUBLIC PARTICIPATION: ENVIRONMENTAL IMPACT ASSESSMENT (EIA) STUDIES FOR PROPOSED NEW FACILITIES AND DEVELOPMENT OF ENVIRONMENTAL MANAGEMENT PLANS (EMPs) FOR EXISTING FACILITIES FOR 12 LOCAL AUTHORITIES IN NAMIBIA. Excel Dynamic Solutions (Pty) Ltd (EDS) recognised the knowledge gap on Environmental Impact Assessment (EIA) and Management in most... not all Environmental Health Officers (EHOs) in Local Authorities... EDS organized a Free, Hands-on 2-day EIA Training for the Officers, which was held from the 25 to 26 November 2021 in Windhoek. The Training was aimed at giving exposure to the Municipal, Town & Village Councils' EHOs on the environmental impact assessment process with specific reference to townships development, waste management, urban, integrated water resource management and sustainability. Upon completion of the Training, the EHOs and representatives of the Local Authorities shared with EDS some of their existing facilities or planned projects that are listed activities in the Environmental Management Act (EMA) No. 7 of 2007 and its 2012 EIA Regulations requiring Environmental Clearance Certificates (ECCs). EDS then offered to assist every represented Local Authority with one project of their choice each (new or existing) to obtain an ECC at no cost to the Local Authorities. The Public is therefore hereby notified that different applications for ECCs will be submitted to the Environmental Commissioner as per the EMA No. 7 of 2007 and its 2012 EIA Regulations. Karibib Town Council New Urban Agricultural Activities

1. Public Consultation

Communication with I&APs

Regulation 21 of the EIA Regulations details the steps to be taken during a public consultation process and these have been used in guiding this process. Communication with I&APs with regards to the proposed development was facilitated through the following means and in this order:

- A Background Information Document (BID) containing brief information about the proposed facility was compiled and circulated to relevant pre-identified authorities (stakeholders), and upon request to all new registered I&APs,
- Project Environmental Assessment notices were published in *The Namibian newspaper* and *New Era* dated 21 and 28 April 2022 briefly explaining the activity and its locality, inviting members of the public to register as I&APs and submit their comments/concerns.
- Site notices (A3) were placed at the Karibib Town Council notice Office, Usab Community Hall, OK Foods and Woermann Brock Community board notice board (Figure 1 to 4). The notices were informing members of the public of the EIA process and register as I&APs, as well as submit comments.
