Re: **Tetelestai Mariculture (Pty) Ltd – EIA for Proposed Mariculture at Lüderitz**

Please note that the EMP and proof of public consultation for Tetelestai Mariculture forms part of the EIA Scoping Report. A request for consent was made with the Ministry of Fisheries and Marine Resources who indicated that they send proof of their consent for these projects directly to the Executive Director of the Ministry of Environment, Forestry and Tourism after they have reviewed the EIA. A letter drafted by our office regarding this matter was delivered to the Environmental Commissioner's office with a copy to the Executive Director of the Ministry of Fisheries and Marine Resources and the Director of Aquaculture on the 4<sup>th</sup> of June 2020.

Thank you in advance.

Sincerely,  
**Geo Pollution Technologies**
