PUBLIC CONSULTATION MEETING MINUTES:

ENVIRONMENTAL SCOPING ASSESSMENT (ESA) FOR THE PROPOSED PROSPECTING & EXPLORATION ACTIVITIES ON EXCLUSIVE PROSPECTING LICENCE (EPL) No.8685 LOCATED EAST OF OKANGWATI, KUNENE REGION.

Date: Friday, 24 March 2023

Time: 11h00 – 16h00

Venue: Ehomba Meeting Tree

The public consultation meeting was attended by 80 people, including one (1) Environmental Consultant and one (1) Archaeologist from Excel Dynamic Solutions (Pty) Ltd (EDS). - **Please refer to the attached attendance register.**

1. INTRODUCTION AND WELCOMING REMARKS

The meeting was opened by the chairperson of Ehomba village with an introduction and a prayer from one of the Ehomba traditional leaders. An Environmental Consultant from EDS Mr. Mandume Leonard then introduced the team, who they are, and why they are consulting affected parties of the proposed prospecting and exploration activities on EPL 8685. The translation of the meeting from English to Otjhimba was done by Mr. Kurunga a representative from Dalnek Minerals (Pty) Ltd. The meeting attendance register was then circulated for the attendees to write down their names, and contact details so that they could be added to the list of interested and affected parties (I&APs) and receive further information on the ESA process.

2. MEETING AGENDA AND PRESENTATION

The agenda of the meeting included the following main points:

2.1 Brief Description of the Project

The Environmental Scoping Assessment (ESA) and the reason why the Proponent appointed Excel Dynamic Solutions (Pty) Ltd (EDS), an independent Environmental Consultant to carry out the ESA and apply for the Environmental Clearance Certificate (ECC).

2.2 Explanation of what an ESA is, its Process, and the Public Role in the Process

Mr. Mandume Leonard explained to the attendees the purpose of the meeting and why they were invited (about the Environmental Management Act (EMA) No. 7 of 2007 and its 2012 Environmental Impact Assessment (EIA) Regulations on Public Consultation). Mr. Leonard further explained what an ESA is and that the proposed exploration activities are one of the listed activities in the 2012 EIA Regulations of the EMA that cannot be undertaken without an ECC from the Environmental Commissioner.

2.3 Presentation of Potential Project Impacts

To ensure transparency and that the attendees understand both sides of the proposed project activities, the Environmental Consultants also presented the potential pre-identified potential positive & negative environmental and social impacts.

2.4 Public Open Discussion (Interactive Session)

Mr. Leonard allowed the meeting attendees to raise their concerns/issues and/or comments on the proposed project activities. The concerns/issues and comments recorded are presented in **Table 1** below.

Table 1: Comments and issues raised during the public consultation meeting, 24th of March 2023

Comment/ issue No.	Commenter name & issue/comment/question	Response and name of responder:
1.	Commenter 1: There are more negative impacts associated with this project than positive impacts. I appreciate the honesty and transparency in your presentation.	Mr. Mandume Leonard (ML): Thank you.
2.	Commenter 2: If I have my small mining claim in the area, can the owner of the Exclusive Prospecting License (EPL) help me with my mining Claim?	Mr. ML: This will be an agreement between the owner of the EPL and the owner of the Mining Claim within the EPL. Is the mining Claims Active? If they are not active then they need to be registered with the Ministry of Mines and Energy.

Comment/ issue No.	Commenter name & issue/comment/question	Response and name of responder:
3.	Comment 3: You spoke about the impacts that the exploration might bring in the area, especially the negative ones. Was the community contacted before regarding this EPL or this is the first time you are contacting them?	Mr. ML: Thank you, for the question, This is the first time I am conducting a public consultation meeting regarding EPL 8685 in the area, but I believe the proponent Dalnek Minerals (Pty) Ltd has, contact the community already when they were applying for this EPL.
4.	Comment 3: Mr. Kurunga you came here before informing us about the meeting on 24 March 2023, is this the meeting you were talking about or this is a different meeting? If this is the same meeting that Mr. Kurungu told us about, what is the relationship between Mr. Kurunga and Excel Dynamic Solutions, and how did they meet?	Mr. Kurunga: Yes, when I came here to announce the meeting, this is the meeting I was talking about regarding EPL 8685. I do not have any relationship with Excel Dynamic Solutions (Pty)Ltd, but I have a relationship with Dalnek Minerals (Pty)Ltd, we work together and I am the representative in the area.
5.	Comment 4: Thank you for the opportunity. I want to find out if the proponent has met all the traditional leaders, to agree about, awarding a consent letter regarding this EPL.	Mr. Kurunga: Yes, they met at the last meeting where they awarded the consent letter to the proponent which took place at the Oroutumba village, at the inauguration of the traditional leader who succeeded headman Ngombe.
6.	Comment 1: The meeting indeed took place at Oroutumba when headman Ngombe was inaugurated by Chief Thomas.	Mr. ML: Noted.

Comment/ issue No.	Commenter name & issue/comment/question	Response and name of responder:
7.	<p>Comment 5: The awarding of the consent letter for the EPL was done in Oroutumba village by the traditional leaders, and they did not inform the community members from Ehomba village. As community members, we cannot see transparency in this. Therefore the community can deny this and send the consultant back and come back another day until all the stakeholders are properly contacted by our traditional leaders because in the area we belong to different traditional clans.</p>	<p>Mr. ML: Noted sir, but that is more of an internal issue between the traditional leaders and the community, is not speaking to the issues concerning the EPL.</p>

FINAL REMARKS AND CONCLUSION OF THE MEETING

Mr. Leonard thanked the attendees for their crucial input through comments and raising their concerns. He indicated to the attendees that all their comments, concerns, and inputs had been noted down for consideration and addressing in the Environmental Scoping Assessment (ESA) Report as well as incorporating their recommendations into the draft EMP.

Furthermore, Mr. Leonard informed the attendees that the draft meeting minutes, Environmental Assessment Report, and Environmental Management Plan (EMP) will be shared with them for review and further comments. These documents will be made available through emails provided on the attendance register.

Once the review of the draft ESA Report and EMP is done, the documents will be finalized and submitted to the Environmental Commissioner at the Department of Environmental Affairs and Forestry (DEAF) for evaluation and consideration of an ECC.

The meeting adjourned at 16h00.
