GIZ – Promotion of Business Advisory and Economic Transformation Services II in Namibia

TENDER INVITATION

Coordination of the National Business Rescue Fund

The Promotion of Business Advisory and Economic Transformation Services II (hereafter referred to as ProBATS II) is a joint Namibian-German technical cooperation project for sustainable economic development with its partner the Ministry of Finance and Public Enterprises (MFPE). The objective of ProBATS II is, amongst others, to improve access to finance for Micro, small and medium size enterprises (MSME), financial inclusion and to enhance transparency in the financial sector. ProBATS II is the successor program of the The Promotion of Business Advisory and Economic Transformation Services I (hereafter referred to as ProBATS I).

A Business Rescue Task Force (BRTF) was appointed by His Excellency, Dr Hage Geingob, on 1 July 2021, as envisaged in the Harambee Prosperity Plan II (HPP II), to review global and domestic business laws, policies, and frameworks with a view to recommend amendments to the applicable laws, determinations, regulations, and policies to cement Business Rescue (BR) as the preferred path for businesses in financial distress. A Steering Committee was established which consist of the Ministry of Finance and Public Enterprises (MFPE), the Development Bank of Namibia (DBN), the Namibia Investment Promotion and Development Board (NIPDB) as well as the ProBATS II project.

To this effect, The ProBATS II project invites eligible professionals with relevant expertise to submit their proposal to coordinate the National Business Rescue fund.

The scope of the assignment, more specifically, includes the following:

- Detailed structuring and implementing of the National Business Rescue Fund, moderation of the proposed fund discussion and finalizing update of the fund's documentation in line with the consideration/recommendations approved by the steering committee.
- Serve as secretary to the NBRF Steering Committee

The details of the required services are described in the Terms of Reference which are obtainable from the address mentioned below.

This tender is open to local firms/ individual consultants only

Terms of Reference to be requested via email from: NA_Inquiry@giz.de

Please quote ref. no. 83434743 as your reference in the email subject line.

Deadline for tender submission: **11 May 2023 at 16h00**

Bids must be hand delivered to the following address: Procurement Unit, GIZ-Office Namibia, No. 88 John Meinert Street, Windhoek West.

PUBLIC CONSULTATION MEETING MINUTES:

ENVIRONMENTAL IMPACT ASSESSMENT (EIA) FOR MINING ACTIVITIES ON LICENSE (ML) NO. 107 LOCATED NORTHEAST OF AUSSENKEHR (KARASBURG DISTRICT) IN THE //KARAS REGION, NAMIBIA.

Date: Tuesday, 18 April 2023

Time: 10h20

Venue: Aussenkehr Community Hall

The public consultation meeting was attended by 18 people, including one (1) Environmental Consultant and one (1) Archaeologist from Excel Dynamic Solutions (Pty) Ltd (EDS) .- **Please refer to the attached attendance register.**

Note: Mining License 107 is within EPL 8981.

1. INTRODUCTION AND WELCOMING REMARKS

The meeting was opened by the environmental consultant by introducing the team and stating the purpose of the consultation meeting with the parties affected by the mining activities on Mining License (ML) 107. The meeting attendance register was circulated for the attendees to sign and add their contact details, so that they could be added to the list of interested and affected parties (I&APs) and receive further information on the ESA process.

2. MEETING AGENDA AND PRESENTATION

The agenda of the meeting included the following main points:

2.1 Brief Description of the Project

Mr. Stefanus Johannes explained the EIA process to the attendees, and the reason for their invitation to the meeting (with reference to the Environmental Management Act (EMA) No. 7 of 2007 and its 2012 Environmental Impact Assessment (EIA) Regulations on Public Consultation). Mr Johannes further explained the importance for the proposed project of requiring an ECC and attendee's role in the EIA process.

2.3 Presentation of Potential Project Impacts

To ensure transparency towards the public and understanding of proposed works by the attendees, the Environmental Consultants also presented the pre-identified potential positive & negative environmental and social impacts.

2.4 Public Open Discussion (Interactive Session)

Mr. Johannes provided the meeting attendees the opportunity to raise their concerns/issues and/or comment on the proposed project activities. The issues and comments recorded are presented in **Table 1** below.

Table 1: Comments and issues raised during the public consultation meeting, the 18th of April 2023

Comment/ issue No.	Commenter name & issue/comment / question	Response and name of responder:
1.	<p>Willies Junuis: Did the mining license expire already, or will it only expire in 2023?</p> <p>The mining license was 1176 hectares on Bloukrans which the proponent did not prospect fully in the past 20 years because the mining license was issued in 2000. The proponent only mined about 10 hectares on the ML why does he now want more hectares on the EPL that is covers farms Bloukrans, Tafelkop and Middlepos.</p>	<p>SJ: It is yet to expire, as stated on the mining cadastre it is still active. Once it expires, any Namibian has the opportunity to apply for it, but the proponent has the right to apply for a renewal before the license expires.</p>
2.	<p>Willies Junuis: If there are mining claims for other miners such as the owner of Bloukrans farm who, is awaiting for her claims to be registered, that were handed in before the EPL for Qa ta ra Development (Pty) Ltd? I know you have to do the assessments on the farms, so I will show you where the mining claims are and where the mine is. In my opinion, prospecting is unnecessary because the commodities are already there. Additionally, the proponent already has 5 to 6 people working on the mine, so there is no job creation.</p>	<p>SJ: Noted.</p>

Comment/ issue No.	Commenter name & issue/comment / question	Response and name of responder:
3.	Wilhelm Frans: According to the BID, around six people that will be offered jobs, what type of jobs? Operators? Is that all?	SJ: The job opportunities can be truck drivers and or operators. It is important to note that this is small-scale mining activities and not a large sized mining operation.
4.	Wilhelm Frans: Unless we find someone else to mine there and provide job opportunities to the locals, otherwise there is no job creation from this project.	SJ: Noted.
5.	Renaldo Brand: From the BID I do not see how the people will benefit because the only people who will benefit are the people that are already employed.	SJ: Noted.
6.	Willies Jurius: Farm Bloukrans, where the mining licence is currently located, accommodates nine families who do not have jobs as we speak, and in this area, there is not much to do apart from mining which the farm owner has done, which has created jobs for the people, I feel like this proponent is cutting off job opportunities by applying for many EPLs and just using the same workers.	SJ: Noted. Because the proponent could not be present, your concerns will be shared with them so they can comment on the matter.

Comment/ issue No.	Commenter name & issue/comment / question	Response and name of responder:

FINAL REMARKS AND CONCLUSION OF THE MEETING

Mr. Johannes thanked the attendees for their input through comments and by raising their concerns. He indicated to the attendees that all their comments, concerns, and inputs had been noted down for consideration and addressing in the Environmental Scoping Assessment (ESA) Report as well as incorporating their recommendations into the draft EMP.

Furthermore, Mr. Johannes informed the attendees that the draft meeting minutes, Environmental Assessment Report(EAR), and Environmental Management Plan (EMP) will be shared with them for review and further comments. These documents will be made available through emails provided on the attendance register.

Once the review of the draft ESA Report and EMP is done, the documents will be finalized and submitted to the Environmental Commissioner at the Department of Environmental Affairs and Forestry (DEAF) for evaluation and consideration of an ECC.

The meeting adjourned at 11h00
