Dear Mr. Lesley Tjongarero

RE: PROVISIONAL CONSENT LETTER FOR ENVIRONMENTAL IMPACT ASSESSMENT

A provisional consent is herewith granted to Envirodu Consulting and Training Solutions cc to continue with the environmental assessment studies at Sari-Dao Mini Market and Fuel Centre.

Upon completion of the Environmental Impact Assessment Process and granting of the Environmental Clearance Certificate, the project proponent must engage the leadership of the Conservancy and of the Traditional Authority to discuss business operational terms, conditions and requirements; discussing and agreeing how the broader community and conservancy interest will be represented in the operations of the envisioned operations.

We look forward to hearing from your esteemed office.

Kind Regards,

Anthony Jantjies

Chairperson: #Gaingu Conservancy

REF: CONSENT LETTER: FOR THE SETTING UP AND OPERATIONS OF A FUEL STATION

Dearest Sir/Madam,

I trust that you all are doing well under the current sometimes very cruel weather winter weather conditions.

I, Ms. Ergustine Tsowases, a resident of Spitzkoppe since the early 1980's and holder of the Namibian citizenship ID number: 60082100376.

I have been consulted, and am fully aware about the intentions of my neighbors to set up a fuel retail service station in Spitzkoppe, near my residence. I am totally in full support of the intent, regarding the establishment and operations of the proposed fuel service station project.

I have no objections. And am herewith communicating to you, my full support and consent to Ms. Lydia Xoagus, representing Kaleem Tjongarero Trust, to construct, set up and operate a fuel station, from which they will be trading with fuel products for automobile vehicles, and render other essential services to motorists, travelers and locals in and around the Spitzkoppe.

Sincerely Yours,

Signed: Ergustine Tsowases
