Re: **Environmental Assessment for the Agricultural Activities on Farms Neseier, Uitkoms and Baobab**

Please note that the **environmental management plan (EMP)** and **proof of consultation** for the Environmental Impact Assessment (EIA) for the Agricultural Activities on Farms Neseier, Uitkoms and Baobab, of Mr DJ vd Berg, forms part of the EIA Scoping Report.

A hard copy of the EIA and application form were submitted to the Ministry of Agriculture, Water and Land Reform simultaneous with submission to MEFT. It is expected that MAWLR will provide their **recommendations (consent/support)** directly to the MEFT once they reviewed the project as per the standard procedures.

Thank you in advance.

Sincerely,
Geo Pollution Technologies
