PUBLIC CONSULTATION MEETING MINUTES

ENVIRONMENTAL SCOPING ASSESSMENT (ESA) FOR THE PROPOSED PROSPECTING & EXPLORATION ACTIVITIES ON EXCLUSIVE PROSPECTING LICENCE (EPL) No. 8821 LOCATED NORTH-EAST OF KARASBURG, //KARAS REGION.

Date: Tuesday, 06 JUNE 2023

Time: 09h00-09H32

Venue: Karasburg Town Hall

The public consultation meeting was attended by 3 people, including one (1) Environmental Consultant and one (1) Archaeologist from Excel Dynamic Solutions (Pty) Ltd (EDS). - Please refer to the attached attendance register.

1. INTRODUCTION AND WELCOMING REMARKS

The meeting was opened by the Environmental Consultant with an introduction of the team, who they are, and why they are consulting affected parties on the proposed prospecting and exploration activities on EPL 8821. The meeting attendance register was then circulated for the attendees to write down their names, and contact details so that they could be added to the list of Interested and Affected Parties (I&APs) and receive further information on the ESA process.

2. MEETING AGENDA AND PRESENTATION

The agenda of the meeting included the following main points:

2.1 Brief Description of the Project

Physical Address: 112, Robert Mugabe Avenue, Windhoek
Postal Address: P.O Box 997154 Maerua Mall, Windhoek

Email: info@edsnamibia.com Web: www.edsnamibia.com

The Environmental Scoping Assessment (ESA) and the reason why the Proponent appointed Excel Dynamic Solutions (Pty) Ltd (EDS), an independent Environmental Consultant to carry out the ESA and apply for the Environmental Clearance Certificate (ECC).

2.2 Explanation of what an ESA is, its Process, and the Public Role in the Process

Mr. Mandume Leonard explained to the attendees the purpose of the meeting and why they were invited (about the Environmental Management Act (EMA) No. 7 of 2007 and its 2012 Environmental Impact Assessment (EIA) Regulations on Public Consultation). Mr. Leonard further explained what an ESA is and that the proposed exploration activities are one of the listed activities in the 2012 EIA Regulations of the EMA that cannot be undertaken without an ECC from the Environmental Commissioner.

2.3 Presentation of Potential Project Impacts

To ensure transparency and that the attendees understand both sides of the proposed project activities, the Environmental Consultant also presented the potential pre-identified potential positive & negative environmental and social impacts.

2.4 Public Open Discussion (Interactive Session)

Mr. Shuuya allowed the meeting attendees to raise their concerns/issues and/or comments on the proposed project activities. The concerns/issues and comments recorded are presented in **Table 1** below.

Table 1: Comments and issues raised during the public consultation meeting, 06th of June 2023

| Comment/ | Commenter name & | Response and Name of Responder: |
|-----------|--|---|
| Issue No. | issue/comment/question | |
| 1. | Mr. Vesser: What will you say if I refuse this suggested Exploration activity on my farm since I have the mining rights on farm Stinkdorn? | Mr. Mandume Leonard (ML): Thank you for the question. The Ministry of Mines and Energy would never have allocated an EPL in an area that is already owned by someone. If you have your mining rights or an EPL in your farm I think they are not overlying with one another. |
| 2. | Mr. Vesser: Will the proponent compensate me? | Mr. ML: At this point where we are doing Environmental Impact Assessment, we are not required by law to compensate the landowner, but upon the proponent obtaining their Environmental Clearance Certificate, they can agree with the landowner, for land access and compensation. |

FINAL REMARKS AND CONCLUSION OF THE MEETING

Mr. Leonard thanked the attendees for their crucial input through comments and raising their concerns. He indicated to the attendees that all their comments, concerns, and inputs had been noted down for consideration and addressing in the Environmental Scoping Assessment (ESA) Report as well as incorporating their recommendations into the draft EMP.

Furthermore, Mr. Leonard informed the attendees that the draft meeting minutes, Environmental Assessment Report, and Environmental Management Plan (EMP) will be shared with them for review and further comments. These documents will be made available through emails provided on the attendance register.

Once the review of the draft ESA Report and EMP is done, the documents will be finalized and submitted to the Environmental Commissioner at the Department of Environmental Affairs and Forestry (DEAF) for evaluation and consideration of an ECC.

The meeting adjourned at 09h32.
