Dear Mr. Teofilus Nghitila

SUBJECT: CONSENT LETTER OR SUPPORT DOCUMENT BY THE HARDAP REGIONAL COUNCIL TO HARVEST PROSOPIS AT THE MARIENTAL AND GIBEON PILOT SITES IN THE HARDAP REGION

This letter serves to confirm that Hardap Regional Council is aware and supporting of the proposed project to harvest Prosopis at the Mariental and Gibeon Pilot Sites in the Hardap Region. Prosopis (invasive alien aggressive species) poses a serious threat to the entire Orange-Fish River Basin and its control is critical for the long-term integrity of the ecosystem and its water resources.

The Hardap Regional Council will also be involved in the implementation of the project once an Environmental Clearance Certificate has been issued.

Thank you for continuous support in regional development.

Yours Sincerely

10.05.2023
.....
Mr. J. W. Engelbrecht
Acting Chief Regional Officer

CHIEF REGIONAL OFFICER
