OFFICE OF THE ENVIRONMENTAL COMMISSIONER

Mr. Thomas Jonas
Managing Director
Native Storage Facility cc
P O Box 80946
Walvis Bay

Dear Sir/Madam

SUBJECT: ENVIRONMENTAL CLEARANCE CERTIFICATE FOR THE PROPOSED SAFE STORAGE AND HANDLING OF DANGEROUS GOODS ON FARM 38, WALVIS BAY, ERONGO REGION

The Environmental Impact Assessment and Environmental Management Plan submitted are sufficient as they made provision of the environmental management concerning the proposed project. From this perspective regular monitoring and evaluation on environmental performance should be conducted. Targets for improvements should be established and monitored from time to time.

This Ministry reserves the right to attach further legislative and regulatory conditions during the operational phase of the project. From this perspective, I issue this clearance with the following conditions: (a) relevant permitting authority involved must be properly consulted and written consent obtained from them and (b) any key biodiversity habitats must be protected.

On this basis, this letter serves as an environmental clearance certificate for the project to commence. However, this clearance letter does not in any way hold the Ministry of Environment and Tourism accountable for misleading information, nor any adverse effects that may arise from this project's activities. Instead, full accountability rests with Native Storage Facility cc.

This environmental clearance is valid for a period of 3 (three) years, from the date of issue unless withdrawn by this office.

Yours sincerely,

Teofilus Nghitila
ENVIRONMENTAL COMMISSIONER
