Kelly Khumalo turns heads at Somizi Mhlongo's golden jubilee

At the weekend, TV and radio personality Somizi Mhlongo hosted his 50th birthday celebration at Sun City and his fans made sure to come out in their numbers to the golden jubilee.

Mhlongo turned 50 in December and opted for a celebration that included his fans and loyal supporters. Initially the celebration was meant to be held in late January but a clash of events forced the event to be rescheduled.

Never one to limit himself, Mhlongo enlisted his celebrity friends to create a fitting line-up for his big party.

Casper Nyovest, Sjava, Kelly

Khumalo, Stacy Radebe, Yasi Nene, Dladla Mhlonji, Lerato Kganyago, Prince Kaybee, DJ Tira and more top artists brought the heat to the stage.

Mhlongo shared with his Instagram followers a video that showed the behind-the-scenes action that took place. He gave his fans a peek at the VIP treatment his celebrity friends were getting.

Khumalo, who is expecting her third child, was the talk of the golden jubilee because of her rather interesting outfit.

Known to always dress the part for her performances, Khumalo had jaws dropping with her 50 teddy bear dress.

The "Mina Nawe" singer

shared a video of herself performing and her fans got to see the interesting dress by Tootal in all its glory.

"Now that's how you celebrate an ICON @someti @GoldenJubilee #FromAGodToAKing dressed by @totoalid," she captioned her post on Instagram.

The interesting dress received plenty of mixed reactions from the award-winning singer's followers.

Gugu77WC commented: "The message was clear, 50 teddy's on your friend 50th birthday. Some of us get it, this is what I call creativity as an Artist, you're the gal you think you are. PERIOD ." ad

Chris Rock faces backlash for pandering to white people in new comedy special

Seemingly still smarting from the incident, Rock used the new special to launch a fierce attack on Smith and his wife, Julia Pincus-Smith.

Among the 58-year-old's most brutal jabs was his reference of Smith's latest project, "Emancipation", a movie in which he plays the role of an enslaved man.

"I watch 'Emancipation' just to see him get whooped," Rock quipped.

He also poked fun at the couple's widely publicised liaison of infidelity: "His wife was f***** her son's friend. Now, I normally would not talk about this s****, but for some reason, these n***** put that s**** on the internet."

"I have no idea why two people that talented would do something that low-down."

But it was his joke about fighting in front of white people that seemed to rub people up the wrong way: "You know what my parents taught me? Don't fight in front of white people," he said at one point.

"Chris Rock makes comedy for white people who have a Black friend," tweeted @lilyta_jacy. @whatsyo_woman's impression, either.

"Chris Rock said 'you don't fight in front of white people', but had no issue calling a black woman a b***** in front of white people, negatively commenting on black women's hair in front of white people, or letting white people use the N-word around him and ya."

Chris Rock

@Davididax shared similar sentiments: "The most Chris Rock thing about all of this is him screaming that you don't fight in front of white people but not even considering what it means to make jokes about a BFW and her hair in front of white people." @ferretstevens added: "Misogynist in comedy is Chris Rock joking that Black people don't fight in front of white people while proceeding to call a Black woman a bitch in front of white people after being stopped for disrespecting a Black woman's hair in front of white people at another event. Sux."

Woman convicted in dognapping case sues Lady Gaga over \$500 000 reward

JONATHAN EDWARDS

Lady Gaga took to Twitter with a desperate plea on February 26, 2021, less than 48 hours after robbers stole her two French bulldogs and shot the man who had been walking them.

"My beloved dogs Koji and Gustav were taken in Hollywood two nights ago... I will pay \$500 000 for their safe return," she wrote.

"If you bought or found them unknowingly, the reward is the same," she added.

Jennifer McFride returned the dogs about 90 minutes after the pop star's tweet, bringing the two pooches to a Los Angeles Police Department station.

Two months later, she was arrested and charged in connection with the dognapping after police said she didn't merely find the dogs but knew the father of one of the suspects.

In December, she was convicted of one count of receiving stolen property and sentenced to two years of probation, according to the Los Angeles County District Attorney's Office.

But McFride says she should still be paid for returning the dogs. On Friday, she sued Lady Gaga in Los Angeles County Superior Court, accusing the singer, whose legal name is Stefani Germanotta, of breach of contract and fraud.

McFride alleges that Germanotta made the promise of a \$500 000 reward in bad faith and used it as bait to induce McFride to come forward and put herself on law enforcement's radar.

"This case is quite simple. Lady Gaga made a reward offer... She desperately wanted her dogs returned and my client took action to fulfil Lady Gaga's wish," lawyer KT Tran said in a statement to The Washington Post.

"My client had absolutely no involvement in the theft of the dogs. She loves dogs and was glad to participate in their safe return. She is legally entitled to and deserves the reward."

McFride further alleges in the lawsuit that the "representation that they would pay the reward money of \$500 000 'no questions asked' was also false".

Tran did not respond when asked to cite a social media post, interview or quote in which Germanotta said she was offering the reward "no questions asked".

A representative for Germanotta declined to comment on McFride's allegations.

On February 24, 2021, Ryan Fischer was walking Lady Gaga's three Frenchies down a Hollywood street where three men drove a white sedan alongside him.

Two of them got out and ambushed Fischer - whom Lady Gaga described as "knewer a hero" - demanding he give them the dogs. When Fischer resisted, James Jackson shot him once with a .40-calibre handgun.

Jackson and his accomplices - Jaylin White and Lafayette Whaley - matched two of the three dogs, hopped in the car and fled. The third

dog, Asia, escaped and was later retrieved by Lady Gaga's bodyguard. White and Whaley pleaded guilty to robbery in August and were given prison sentences of four years and six years, respectively, according to the district attorney's office.

The three men did not know the dogs belonged to Lady Gaga, police have said.

Fischer suffered serious injuries. Those included a gunshot wound to the chest, which led doctors to remove a portion of his lungs.

He described the attack in December when Jackson, the man who shot him, was convicted of attempted murder and inflicting great bodily injury, according to the district attorney's office. Jackson was given a 21-year prison sentence.

"It's hard to believe that it's nearing two years since I was taking Asia, Koji, and Gustav out for an evening stroll when - in an instant - I suddenly found myself fighting with everything I had to protect those dogs from being stolen," Fischer wrote in a statement he posted to Instagram.

"But it wasn't enough. I was beaten, strangled, shot and left to die bleeding out on a sidewalk and gasping for my life. And Koji and Gustav were gone."

Lady Gaga was reportedly in Italy working on a film at the time.

The prosecutor who handled the dognapping and shooting case, Los Angeles County Deputy District Attorney Michele Hanisee, told The Post that the three robbers recruited McFride "to be the innocent lady who

just happened to find the dogs".

They set up a drop, which was captured on video, Hanisee said. As McFride paced up and down a street in LA, someone in a Jeep drove up, tied the dogs to a street light pole and took off. McFride immediately retrived them, she said.

Police used surveillance footage from nearby businesses to trace the Jeep to a car rental place and an associate of Harold White, Jaylin White's father and McFride's long-time friend, Hanisee said.

After she retrieved them from the light pole, McFride contacted Lady Gaga's representatives, who instructed her to turn the dogs over to law enforcement at the nearest police station.

"It was clear everyone involved in the collection of the dogs has a connection back to Harold White," Hanisee said.

McFride originally faced two criminal charges in connection with the dognapping, but in a plea deal, prosecutors dropped one count of being an accessory after the fact.

In her suit, McFride said Lady Gaga made a "unilateral contract" by offering the \$500 000 reward when she was desperate to get her dogs back.

McFride said she accepted the offer and "fully performed her obligation under that contract when she returned the dogs".

Now, McFride said in her suit, she wants Lady Gaga to do the same.

Digital Food Vouchers

Food Programme. We aim to improve and support programmes that are targeted towards food systems infrastructure, rural transformation, human capital development and digital solutions.”

Erastus added: “They will have availability to receive aid in a digital way, enabling them to have a better life and, as part of the agreement to bring digital solutions to small holder farmers and capacity building for youth and women, mobile financial services and precision and smart agriculture.”

Meanwhile, Japan Ambassador to Namibia Nishimaki Hisao said that under the circumstances, the Japanese government has decided to help the affected people through a working relationship with the WFP by contributing 500USD (N\$9085) to Namibians, by providing the food vouchers.

The project targets 21,600 beneficiaries in the regions of Oshana, Oshana-Namaland and Kunene, inclusive of more than 3,000 malnutrition children under the age of five.

This, Ambassador Hisaohe said, is carried under

their Emergency Grant AID project, in response to the global food security.

On March 3, the Government of Japan decided to provide food-related assistance totaling USD 50 million, consisting of USD 45 million in Emergency Grand Aid through international organizations and USD 5 million in food assistance through Japanese NGOs, as a response to the deterioration of global food security, which has been exacerbated by Russia’s war against Ukraine.

This Emergency Grant Aid is to provide food assistance of USD 40 million to countries and region in Asia, the Middle East and Africa through the WFP and the United Nations Relief and Works Agency for Palestine Refugees in the Near East (UNRWA), and agricultural production assistance of USD 5 million in Ukraine through the Food and Agriculture Organisation of the United Nations (FAO).

In June last year MTC and the WFP penned down a partnership that will scale long-term engagements to support the Namibian public sector by facilitating the provision of digital solutions, and innovation in view of supporting WFP’s ethos of ending hunger and improving socio-economic outcomes.
