Dear Mr. Chief,

**SUBJECT: REQUEST FOR CONSENT LETTER IN SUPPORT OF THE ENVIRONMENTAL SCOPING ASSESSMENT REPORT FOR CHANENI INVESTEMENTS PTY LTD EPL NO. 8801.**

The subject matter bears reference.

I am writing on behalf of Chaneni Investment (Pty) Ltd Namibia, a newly established Exploration Company with a mission to explore and delineate the mineral resource potential in Namibia. The EPL is situated northeast of the town Arandis.

I am reaching out with a sincere request for your valued assistance in our pursuit of environmental compliance for the proposed exploration activities on EPL 8801. As part of the company's commitment in compliance with the environmental regulation. SS Consultants, was appointed as an esteemed Environmental consulting company, to conduct an Environmental Scoping Assessment study. The Environmental Scoping Assessment Report is completed, but in order to submit to Ministry of Environment, Forestry and Tourism (METF) we need consent from !OE #GAN Traditional Authority.

On the 16 June 2023, the day for the public consultation we had the privilege of meeting with Mr. Gruzi and others in Karibib to discuss the proposed exploration activities and seek consent for the project. He indicated that a council resolution is required to grant consent for the proposed exploration activities.

In light of the above, I kindly request your esteemed office's assistance in providing the necessary consent letter for the proposed exploration activities on EPL 8801, for the purpose of submission to METF. I trust that your good office will answer to my request in order for the company to proceed with the submission of the ESAR for the benefit of the country's Mineral resource development.

Yours faithfully,

Anna Nekuta  
Senior Environmentalist
