**Attention: Mr. Mufeti**

The Environmental Commissioner  
Ministry of Environment, Forestry and Tourism  
Windhoek District  
Khomas Region  
Namibia

Dear Sir

**RE: THE RENEWAL OF THE PREVIOUSLY ISSUED ENVIRONMENTAL CLEARANCE CERTIFICATE FOR THE ESTABLISHMENT OF A QUARRY & STONE CRUSHING PLANT ON THE MINING CLAIMS; 71427, 71428, 71429 & 71430 SITUATED AT OVIKOKOLA VILLAGE, RUACANA CONSTITUENCY, OMUSATI REGION, NAMIBIA.**

Healthy Earth Environmental Consultants CC (HECC) was established with the purpose to offer services in the field of Environmental Impact Assessment (EIAs), Environmental and Social Management (ESMs), Environmental Compliance Auditing, Waste Management, Flora and Fauna Baseline Surveys; Vegetation Management Plans; Project Management; Strategic Environmental Assessments (SEAs) & Renewable Energy Site Inspections Plans and as such has been appointed by **M. Shikongo's Investments Group One (Pty) Ltd** to undertake the necessary application for the renewal of the previously issued Environmental Clearance Certificate on their behalf for the project currently registered on the online portal with reference number: **230609001556** (registered on 9 June 2023) below:

- **The proponent intends to renew the previously issued Environmental Clearance Certificate (ECC-00398) for the establishment of a quarry & stone crushing plant on the mining claims; 71427, 71428, 71429 & 71430 situated at Ovikokola Village, Ruacana Constituency, Omusati Region, Namibia.**

However, due to unforeseen circumstances such as the pandemic, no work has been done on the ground to date and therefore there is no environmental monitoring/audit report to accompany this renewal application.

We look forward to a favourable response to our humble request so that we continue with the project activities as we lost a lot of productive time.
