Fax: 061 258 470 or

Mobile: 081 458 4297 on or before **29 August 2022**.

Five new signings expected to shine this coming season

Durban — The 2022/23 DStv Premiership campaign is set to kick-off this week with a number of blockbuster fixtures expected to light up our TV screens, and hand the football loving supporters a glimpse at the kind of level we're likely to witness throughout the campaign.

Even with an extended transfer window period a number of clubs have elected to do their business early with a mass exodus matched with abundance of talent recruitment at different camps across the league.

OL Sport's Smiso Msomi takes a look at five new signings expected to shine this coming season.

Ashley du Preez

Du Preez finds himself in dreamland at the moment. The 25-year-old speedster, coming off his best season in the top flight, will have an opportunity many were never afforded at Amakhosi.

He will be granted a chance to adjust to new ideas, acclimatise to the culture and find his place alongside the evergreen duo of Keagan Dolly and Khama Billiat as the club begin a new era under new Head Coach Arthur Zwane.

If Du Preez gets into his stride quickly, with the added quality around him, there's no reason he can't beat his nine goals and two assists of last season.

Ronwen Williams

Williams' move to Mamelodi Sundowns was perhaps the most surprising transfers this window considering the club's depth in the goalkeeping department.

The Masandawan faithful might feel that with long-time servants Dennis Onyango and Kennedy Mweene both at 37 years of age, it might be time for Williams to take over for long term.

The Bafana Bafana captain is expected to start whenever available at Sundowns with his undoubted goalkeeping and leadership abilities to play a huge role in the champions'

Bafana Bafana captain Ronwen Williams is expected to have a massive season after sealing a move to champions Mamelodi Sundowns. Photo: Nour Akanja/BackpagePix

defence of all their trophies.

Bienvenu Eva Ngah

Orlando Pirates have been in search for a reliable goalscorer for years now, so much so that they brought in two forwards in Ngah and Evidence Makgopa in the transfer window, but it is Ngah who seems set to light up Orlando Stadium in the coming season.

The Cameroon international possesses all the tools to be a modern day striker, a big frame, speed, close control and can score with both feet, his return of 10 goals and one assist in a Chippa United side lacking creativity last season makes him one to look out for at the Buccaneers.

Ethan Brooks

Brooks has shown enough over the last two seasons to suggest that he could be the 'No 10' with the X-factor

for both club and country.

He may have lost his place at Bafana following a season with little game time at former club TS Galaxy but has come into a new competitive environment at AmaZulu and will look to establish himself as one of the first names in coach Brandon Truter's plans.

Samir Nurkovic

Nurkovic's signature was sought after throughout the continent about a year ago and rightly so as he's proven to be a top quality striker if utilised the right way.

The Serbian international has landed at the Royal AM of Thwihli Thwahla and will look for a fresh start and to rediscover the kind of form that almost Kaizer Chiefs to a league title two seasons ago.

Dear Potential Interested and Affected Party

Environam Consultants Trading is a wholly Namibian owned environmental management consultancy providing an array of environmental services to our clients including: Strategic Environmental Assessments; Environmental Assessments; Strategic Environmental Management Plans; Environmental Management Plans; Environmental Management Systems; Environmental Auditing, Monitoring and Evaluation; Solid Waste Management; and Project Management. Our daily activities are underpinned by excellent environmental outcomes aimed at achieving a symbiotic relationship between development and the environment.

We have been appointed by Charlton Petroleum CC to undertake the environmental scoping exercise and apply for an environmental clearance certificate from the Environmental Commissioner for the project below:

Proposed Grootfontein Truck Port on Erf 249 Okavango Road, Grootfontein, Otjozondjupa Region.

The storage and handling of dangerous goods, including petrol, diesel, liquid petroleum gas or paraffin, in containers with a combined capacity of more than 30 cubic meters per day; and the Construction of filling stations or any other facility for the underground and aboveground storage of dangerous goods, including petrol, liquid petroleum gas or paraffin; are listed activities as per the *List of Activities requiring Environmental Clearance* (Government Notice 29 of 6 February 2012) and accordingly require an Environmental Impact Assessment (EIA) to be conducted.

In line with Regulation 21(2) of the mentioned EIA Regulations, a Background Information Document (BID) is distributed to pre-identified Interested and Affected Parties as part of the public consultation process for this Environmental Impact Assessment.

An Environmental assessment will be undertaken to determine the potential impact of the development on the environment and to determine all safety, health and social impacts associated with the proposed development

Public Meeting:
**Environmental Assessment for the Proposed
 Grootfontein Truck Port on Erf 249 Okavango Road,
 Grootfontein, Otjozondjupa Region.**

19 August 2022
 Presented by Cathi P. Namane
 Environmental Conditions Trading (ECT)

Purpose of Meeting

- To provide information on the proposed development
- To explain the Environmental Assessment Process
- To identify potential issues and concerns from the public
 - Social
 - Economic
 - Environmental

Background

- Grootfontein Container Depot (Pty) Ltd (GCD) is in the process of setting up a container depot in Grootfontein to handle and store transshipment of copper and other minerals as well as chemicals.
- Among the requirements of the potential off takers in Zambia and DRC is the safe keeping of their cargo in a secured facility with ablution amenities for their drivers.
- The depot will be used to house and containerize copper that will be forwarded on rail to the port of Walvis Bay, similarly, all commodities going in the opposite direction will be railed to Grootfontein and picked up by Zambian and Congolese trucks dropping off the copper

Background

- Hence, the demand of fuel volumes for these trucks will be high and critical to the operation.
- Charlton Petroleum cc (CP) has thus identified a need to establish a truck port to cater for this market segment and the wider public by forming a strategic partnership with GCD.
- The proponent (CP) deem it viable, considering the demand of volume and clientele they have. CP will be the operator of the truck port while Namcor will be the supplier

Reason for Environmental Assessment

- Environmental Management Act (EMA) (No. 7, 2007) and regulations require clearance for certain activities.
- The following are the trigger activities as per the list:

Activity Name and No(s):	Description of relevant Activity
Activity 9.4 (Hazardous Substance Treatment, Handling and Storage)	The storage and handling of dangerous goods, including petrol, diesel, liquid petroleum gas or paraffin, in containers with a combined capacity of more than 30 cubic meters at any one location.
Activity 9.5 (Hazardous Substance Treatment, Handling and Storage)	Construction of filling stations or any other facility for the underground and aboveground storage of dangerous goods, including petrol, liquid petroleum gas or paraffin.

ECT

ECT

Reason for Environmental Assessment (Ctd...)

- To identify potential environmental impacts (social & biophysical) and to determine their likely significance
- To recommend mitigation measures to minimise negative impacts and to enhance positive impacts
- To allow for public involvement
- To inform the proponent's (Charlton Petroleum) decision-making
- To inform the Environmental Authority's decision-making (Ministry of Environment, Forestry and Tourism/ Environmental Commissioner)

ECT

ECT

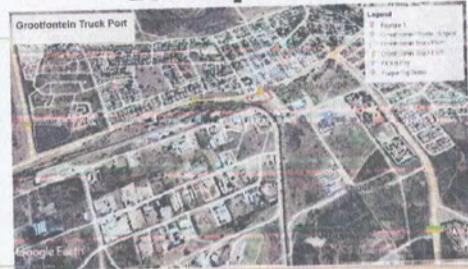

Public Participation Process to Date

- Advertised in two newspapers (Confidante and Windhoek Observer dated 5 August 2022 and 12 August 2022)
- Site Notice
- Providing written notice and Background Information Document (BID) to pre-identified potential I&APs

Locality of the proposed development

- The proposed site is located on Erf 249, Okavango Road, Grootfontein, Otjozondjupa Region. It is found opposite the Engine Service Station. The site is approximately 50 000 square meters in extent and is wholly owned by Trans Namib. Charlton Petroleum has got a lease agreement with Trans Namib for a portion of the plot.

Locality of the proposed development

Engineering services

- Bulk services (sewage, electricity and water supply) will be extended from the developed areas around the project site to the filling station.

Pre-identified Potential Concerns

- Air pollution impacts;
- Water Pollution Impacts;
- Soil pollution impacts;
- Explosions and Fires;
- Social;
- Biophysical environment (fauna and flora);

Pre-identified Potential Concerns

- Visual impacts;
- Noise impacts;
- Waste management;
- Traffic.

Way Forward

ASSESSMENT PHASE

- Opportunity to Provide comments (Public Meeting & BID)
- 1st Comment phase from: **06 August 2022 – 28 August 2022**
- 2nd Comment phase: Draft Environmental Assessment Report to be available in **September 2022** for public comments
- Final Report to incl. phase 2 comments and submitted to MEFT for approval

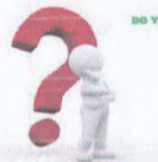

Comments can be sent to:

- Environam Consultants Trading (ECT)
- Attention: Colin P Namene
- P.O. Box 24213, Windhoek, Namibia
- Cell: 081 458 4297
- Tel: 061 258 394
- Fax: 061 258 470
- E-mail: colin@environam.com

THANK YOU 

DO YOU HAVE ANY QUESTIONS?

Thank You!!

ECT

RE: Proposed Grootfontein Truck Port on Erf 249 Okavango Road, Grootfontein, Otjozondjupa Region.
To: 'Colin P Namene'

Well received.

From: Colin P Namene <colin@environam.com>
Sent: Tuesday, 9 August 2022 1:58 pm
To: jhangara@grootfonteinmun.com.na
Subject: Proposed Grootfontein Truck Port on Erf 249 Okavango Road, Grootfontein, Otjozondjupa Region.

Dear Potential Interested and Affected Party

Environam Consultants Trading is a wholly Namibian owned environmental management consultancy providing an array of environmental services to our clients including: Strategic Environmental Assessments; Environmental Assessments; Strategic Environmental Management Plans; Environmental Management Plans; Environmental Management Systems; Environmental Auditing, Monitoring and Evaluation; Solid Waste Management; and Project Management. Our daily activities are underpinned by excellent environmental outcomes aimed at achieving a symbiotic relationship between development and the environment.

We have been appointed by Charlton Petroleum CC to undertake the environmental scoping exercise and apply for an environmental clearance certificate from the Environmental Commissioner for the project below:

Proposed Grootfontein Truck Port on Erf 249 Okavango Road, Grootfontein, Otjozondjupa Region.

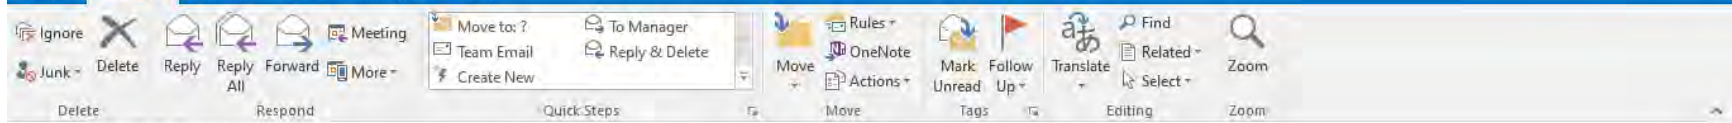

The storage and handling of dangerous goods, including petrol, diesel, liquid petroleum gas or paraffin, in containers with a combined capacity of more than 30 cubic meters per day; and the Construction of filling stations or any other facility for the underground and aboveground storage of dangerous goods, including petrol, liquid petroleum gas or paraffin; are listed activities as per the *List of Activities requiring Environmental Clearance* (Government Notice 29 of 6 February 2012) and accordingly require an Environmental Impact Assessment (EIA) to be conducted.

In line with Regulation 21(2) of the mentioned EIA Regulations, a Background Information Document (BID) is distributed to pre-identified Interested and Affected Parties as part of the public consultation process for this Environmental Impact Assessment.

An Environmental assessment will be undertaken to determine the potential impact of the development on the environment and to determine all safety, health and social impacts associated with the proposed development activities.

RE: Proposed Grootfontein Truck Port on Erf 249 Okavango Road, Grootfontein, Otjozondjupa Region.

To: 'Colin P Namene'

or any other facility for the underground and aboveground storage of dangerous goods, including petrol, liquid petroleum gas or paraffin; are listed activities as per the *List of Activities requiring Environmental Clearance* (Government Notice 29 of 6 February 2012) and accordingly require an Environmental Impact Assessment (EIA) to be conducted.

In line with Regulation 21(2) of the mentioned EIA Regulations, a Background Information Document (BID) is distributed to pre-identified Interested and Affected Parties as part of the public consultation process for this Environmental Impact Assessment.

An Environmental assessment will be undertaken to determine the potential impact of the development on the environment and to determine all safety, health and social impacts associated with the proposed development activities.

Should you require any additional information or would like to register as an I&AP, please contact us at Mobile: +264 81 458 4297, Fax: +264 61 258 470 or E-Mail: colin@environam.com; P.O. Box 24213, Windhoek, on or before **29 August 2022**.

A Public consultation meeting will be held on **19 August 2022 at 11:00 am**. The venue of the meeting will be **Omulunga Community Hall, Grootfontein**.

Regards,

[Executive Summary Charlton Petroleum.pdf](#)

Dear Interested and Affected Party

We have the pleasure to inform you that the draft Environmental Scoping Report (DESR) and draft Environmental Management Plan (EMP) for the abovementioned project have been completed.

We herewith notify all registered Interested and Affected Parties that the document is available for public comment from **21 July 2023 to 05 July 2023**.

Please find the attached Executive Summary for your attention.

The Draft Environmental Impact Assessment Report, EMP and relevant documentation are available in electronic format on request.

Kindly provide your written comments and input to Environam Consultants Trading (ECT) on or before **05 July 2023**, using any of the following methods:

P.O. Box 24213, Windhoek
Tel: +264 81 458 4297
Email: colin@environam.com/spike@environam.com
Fax: 088615796

Input received during the comment period will be incorporated into the Final Environmental Scoping Report that will be submitted to the Office of the Environmental Commissioner in the Ministry of Environment, Forestry and Tourism for consideration and decision making.

Regards,

Colin P Namene
