NOTICE FOR PUBLIC PARTICIPATION
ENVIRONMENTAL IMPACT ASSESSMENT

FIN Hydro Environmental Technologies hereby gives notice to all potential Interested and Affected Parties (I&APs) that an application for an Environmental Clearance Certificate will be made to the Environmental Commissioner in terms of the Environmental Management Act (No 7 of 2007) and the Environmental Impact Assessment Regulations (GN 30 of 6 February 2012) for the following:

PROJECT NAME: Mineral Exploration Activities on EPL 8829

PROJECT LOCATION: The EPL is located on Farm Haakiesdoorn 137, in the southernmost portion of Karas Region, 70 km south-west of Warmbad, //Karas Region

PROJECT DESCRIPTION: The project entails conventional mineral exploration activities on the site in respect of Base and Rare Metals, Industrial Minerals, and Precious Metals

PROPONENT: JCN Oil and Energy

REGISTRATION OF I&APs AND SUBMISSION OF COMMENTS: All I&APs are hereby invited to register and submit their comments, concerns or questions in writing, kindly contact:

Email: fin.environtech@gmail.com

Fax: 061 258 470 or

Mobile: 081 247 3646 on or before **09 June 2023**.

PUBLIC NOTICE
ENVIRONMENTAL ASSESMENTS AND PUBLIC CONSULTATION
PROCESS

Warner Mining (Pty) Ltd (the 'Proponent') has applied for one **Exclusive Prospecting Licence** (EPL) as indicated in the table below. The EPL has been applied for in terms of the Minerals (Prospecting and Mining) Act of 1992. In this connection, notice is hereby given that an **Environmental Impact Assessment** (EIA) and a **Public Participation Process** (PPP) are being conducted in terms of the Environmental Management Act (Act No. 7 of 2007) and related EIA regulations.

On completion of the aforesaid EIA and PPP, a formal application will be submitted to the Environmental Commissioner in the Ministry of Environment, Forestry and Tourism for consideration to grant **Environmental Clearance Certificate** (ECC) for the EPL.

Listed Activities	Prospecting and Exploration
EPL No.	EPL-9469
Location of the EPL	Sesfontein Electoral Constituency, Kunene Region
Mineral Groups	Base and Rare Metals, Industrial Minerals, Nuclear Fuel, Precious Metals, Precious Stones and Semi-precious Stones
Interested and Affected Parties (IAPs)	All AIPs are hereby invited to register for the EIA and to submit written comments, inputs, objections and or concerns with respect to the envisaged activities. A Background Information Document (BID) on the EPL is available upon request on registration.
Consultation Period	The duration to receive written submissions from IAPs starts from 2 June 2023 to 14 July 2023
EIA Consultant:	 Fax: 088 645 026 Cell: 081 418 3125 Email: ekwao@iway.na (Joel Shafashike)

PUBLIC NOTICE
ENVIRONMENTAL ASSESMENTS AND PUBLIC CONSULTATION
PROCESS

Warner Mining (Pty) Ltd (the 'Proponent') has applied for three **Exclusive Prospecting Licences** (EPLs) as indicated in the table below. The EPLs have been applied for in terms of the Minerals (Prospecting and Mining) Act of 1992. In this connection, notice is hereby given that **Environmental Impact Assessments** (EIAs) and **Public Participation Processes** (PPPs) are being conducted in terms of the Environmental Management Act (Act No. 7 of 2007) and related EIA regulations.

On completion of the aforesaid EIAs and PPPs, formal applications will be submitted to the Environmental Commissioner in the Ministry of Environment, Forestry and Tourism for consideration to grant **Environmental Clearance Certificates** (ECCs) for each EPL.

Listed Activities	Prospecting and Exploration
EPLs	EPL-9456, EPL-9457 & EPL-9458
Location of EPLs	Epupa Electoral Constituency, Kunene Region
Mineral Groups	Base and Rare Metals, Industrial Minerals, Nuclear Fuel, Precious Metals, Precious Stones and Semi-precious Stones
Interested and Affected Parties (IAPs)	All AIPs are hereby invited to register for the EIA and to submit written comments, inputs, objections and or concerns with respect to the envisaged activities. A Background Information Document (BID) on each EPL is available upon request on registration.
Consultation Period	The duration to receive written submissions from IAPs starts from 29 May 2023 to 7 July 2023
EIA Consultant:	 Fax: 088 645 026 Cell: 081 418 3125 Email: ekwao@iway.na (Joel Shafashike)

PUBLIC NOTICE
ENVIRONMENTAL IMPACT ASSESSMENT

Notice is hereby given that an application for an **Environmental Clearance Certificate** (ECC) will be made to the the Environmental Commissioner in the Ministry of Environment, Forestry and Tourism in terms of the Environmental Management Act, (Act No. 7 of 2007) and related Environmental Impact Assessment Regulations for permission to undertake the activity listed below:

Listed Activity	Rezoning of Portion X of the Remainder of Farm Henties Bay No. 133 from 'Undetermined' to 'Industrial' and to allow for the development of an Oil Refinery on the rezoned land portion. The extent of Portion X is 250 000 m ² (25 ha)
Location	Proposed site (Portion X) is located off the D1918 - Henties Bay-Usakos gravel road to the righthand side when driving in the direction of Usakos.
Promoter	E.N.M. Construction Investments

ENVIRONMENTAL IMPACT ASSESSMENT (EIA) FOR THE PROPOSED REZONING OF ERF 1165 FROM "GENERAL RESIDENTIAL" TO "BUSINESS" IN TAMARISKIA, SWAKOPMUND, ERONGO REGION.

Notice is hereby given to all Interested and Affected Parties (I&APs) that application for Environmental Clearance Certificate will be submitted to the Environmental Commissioner in terms of the Environmental Management Act (Act No.07 of 2007) for the following activities.

Project title: Rezoning of Erf 1165 from "General Residential" to "Business"

Location: Tamariskia, Erongo region

Proponent: Beucort Property Developers

EAP: Green Gain Environmental Consultants cc

Project Description: The proponent intends to apply for the rezoning of Erf 1165 from "General Residential" to "Business" for the construction of a multi-tenant shopping center. In terms of the Environmental Management Act (Act No.07 of 2007), the rezoning of land from Residential use to commercial use cannot be undertaken without any EIA being undertaken. I&APs are hereby invited to register, request for Background Information Document (BID), and send their comments to eia@greengain.com.na on or before **09 June 2023**.

The need for a public meeting will be communicated to all registered I&APs.

For more information call: 0811422927

Nadia Nakai on her close bond with Khanyi Mbau and how she felt about Bonang joining 'Young, Famous & African' 2

Now if you watched the second season of "Young, Famous & African", you know that a lot went down.

Along with the return of the OG cast of Khanyi Mbau, Diamond Platnumz, Nadia Nakai, Jeremiah Ogbodo (aka Swanky Jerry), Annie Macaulay-Idibia, Andile Ncube, Quinton Masina (Naked DJ), Zari Hassan (aka Zari the Boss Lady and Diamond's baby mama), 2Baba and Kayleigh Schwark, there were upsets, too.

But what threw fans for a loop was the ugly drama as former friends were now foes and vice versa.

Gosh, the heated exchanges on the reality show could have powered Eskom and reduced the load shedding

stage in Mzansi.

And the introduction of familiar and fresh faces brought with it its own challenges.

Swanky chose to introduce Bonang Matheba to the clique and Quinton also brought in sexy Ghanaian artist Fantana at the reunion at Diamond's pad. Later, Khanyi introduced event planner, Luis Munana, but that went pear-shaped fast.

Timing is everything. And it was off at the start of the season with Diamond not on the best of terms with his boy Andile, who had developed feelings for Zari. That said, it wasn't one-sided.

And the introduction of Andile's baby mamas was interesting too. But it's another story for another time.

I got to sit down with Nadia, Khanyi and Luis to find out what went down, the behind-the-scenes take of on all, so to speak.

We started off by unpacking the close bond between Nadia and Khanyi. Sadly, Nadia's rapper beau AKA died in a tragic shooting shortly after she filmed the series.

That said, she really put on a brave face and maintained her professionalism throughout the interview.

She commented: "I think it's definitely gotten a lot stronger but people also need to understand Khanyi and I have been friends for long before we started shooting the reality show.

"We've known each other for many years and she is one of the people that inspired me and who I respect in the industry. And she has always given me that big sister vibe for the longest time.

"So it's the easiest thing to tap into when we are on camera because it has been the most natural thing for so many years. But between seasons one and two, our bond has gotten stronger.

"It was difficult because she was in Dubai the whole time and I was like when are you coming back. And she didn't want to come back. She was like when is the load shedding done. So I missed her a lot."

Meanwhile, Khanyi, who also gives off a big sister vibe towards Luis, opened up about his unceremonious introduction to the group.

In fact, it got all of them cracking up, thinking of it. She asked: "Where did he think he was going? The Commonwealth Games, where he needs to be put up on a pedestal and read what he has done and his accolades. No. He is coming into a family. You have been christened. And you are the baby here.

"So you are coming in as a skivvy and you are going to work your way up. No one is introducing you. And everyone

knows how I feel about speeches."

He interjected: "But you asked me to prepare a speech and I did."

Khanyi playfully fobbed it off and responded: "Yes, but I said, sink or swim. But where was he going?"

"You were going to a family event. He was coming to a black family event. And when you go to a black family, they say, go greet the uncles, go greet everyone... He wants to be put there. No, no."

It isn't often that Nadia rocks the boat as she gets along with everyone.

But this season, her prodding in discussions and decision to defend others placed her front and centre of some of the drama.

Nadia explained: "I've always been consistent. In season one, you saw me still kind of defending the person I felt was being wronged with the Annie and Zari situation. "And in season two, it was the same energy. If I feel like you are doing something wrong, I will speak up."

And she did just that when she challenged Swanky on his disdain towards Luis.

Of course, what everyone really wanted to know is how she felt about Queen B, her former friend and AKA's ex, being on the show.

She admitted: "It was uncomfortable for me because it was very secretive, I don't understand why it had to be secretive. You know just be honest about what is going on. "Honestly, it was not a problem because you always bump into your man's exes in the world.

"I feel like everybody tried to make it an issue from Andile to Swanky. I was just like, guys please relax. It doesn't have to be that deep.

"And I'm mature enough to hold myself together if I feel uncomfortable and be professional and decent and keep it moving and some people aren't."

On being a newcomer to the group,

Luis said: "It was a bunch of big personalities. When you put a group of kings and queens in one room, things are bound to blow up.

"Also, I learned that you can be vocal about what you feel about things happening around you and not feel like you should tread lightly because all these personalities are out the window."

That said, he feels like Swanky and him are good but he isn't completely sure.

As for Khanyi's efforts to give Quinton relationship advice backfiring with her "trial proposal" suggestion, she laughed: "What a fail. It was an operative word between Naked and me to say make your intentions with Kayleigh known.

"She has the keys to your house. She has met your family. You guys are now going on four years.

"I was not saying propose but just make it clear that, 'Dude, I'm not dating you, just. And then he goes on a mountain, borrows someone's ring and he does something else. Like, do you even listen? No man."

And her efforts to resolve the Zari and Fantana drama didn't fare any better.

She explained: "I chose to invite all of them to dinner because I was tired of Zari threatening Fantana and this one is saying this... I wanted to put them all in a room and I wanted Diamond to explain what was happening.

"I'm tired of Diamond always getting away with it. It's always the women he's involved with and Zari's fights with them." But he bailed to get back to the studio and that was that.

Ultimately, despite what we see in the series, there is an unmistakable camaraderie and closeness with the cast. And these three stars proved it in the interview.

"Young, Famous & African" is streaming on Netflix.

Raising awareness for thyroid health and importance of early detection

World Thyroid Day is a significant day dedicated to raising awareness about thyroid diseases and the burden they place on individuals and healthcare systems worldwide.

This day is celebrated on May 25 every year, and it serves as a reminder to the public and medical professionals about the importance of understanding and treating thyroid illnesses.

What is the thyroid?

The thyroid is a small gland located at the base of the neck. It is essential for regulating metabolism, growth, and development, as well as our tissue function, sexual function, reproduction, sleep, and even our mood.

It affects, directly or indirectly, almost every function in our bodies: our temperature, our digestive system, and our mental development.

However, thyroid diseases can cause the gland to produce too much or too little of these hormones, leading to a range of health problems.

One of the leading experts in thyroid health management is Dr Justus Apffelstaedt, a specialist surgeon with a keen interest in breast, thyroid, and parathyroid health management.

According to Dr Apffelstaedt, many South Africans are still unaware of what the thyroid is, let alone the impact of thyroid cancer. This lack of awareness makes it challenging for individuals to detect and diagnose thyroid diseases early, which can significantly affect their chances of recovery.

"The importance of early detection and diagnosis cannot be overstated. Thyroid cancer is one of the fastest-growing cancers globally, and it affects people of all ages and genders. Early detection and diagnosis can increase the chances of successful treatment and recovery."

World Thyroid Day is an opportunity to educate the public about thyroid diseases and the importance of regular check-ups and early detection. It is also a day to recognise healthcare professionals who are committed

to the international study and treatment of thyroid diseases.

Dr Apffelstaedt further explains that common thyroid disorders such as hypothyroidism and hyperthyroidism seldom lead to cancer and are typically manageable with proper care. However, he cautions that thyroid cancer, while rare, is still classified among the more prevalent types of cancer.

The good news is that early detection of thyroid cancer results in a high survival rate, particularly when the patient is diagnosed early.

What are the symptoms to be on the lookout for of thyroid cancer?

Symptoms vary, however some of the symptoms can be fairly generic and include the:

- The appearance of a lump in the neck.
- Pain in the neck and throat.
- Swollen lymph nodes.
- A persistent cough not linked to a cold.
- Difficulty in breathing.
- Pain and difficulty swallowing.
- The appearance of a lump or growth in the neck.
- Constant voice changes and hoarseness.

It's crucial to remember that while the signs and symptoms previously mentioned may not always be a direct result of thyroid cancer, seeking medical advice is highly recommended advised Dr Apffelstaedt

If your doctor determines that the symptoms require further investigation, you will likely be referred to a specialist for a more accurate diagnosis and an assessment of the appropriate treatment plan.

"Remember, early detection of thyroid cancer is key to ensuring a positive prognosis, so never hesitate to speak with your doctor about any abnormal symptoms you may experience."

Dear FIN Hydro Environmental Technologies

I hereby again request to be registered as an I&AP for the EIA:

- Mineral exploration activities on EPL 8829, as issued in your public notice in the Confidante newspaper on the 9th of June 2023.

Please would you also forward me the Background Information Documents (BID) and the Map of the EPL?

Regards
