To whom it may concern;

RE: REQUEST FOR CONSENT FOR EXPLORATION ACTIVITIES ON EXCLUSIVE PROSPECTING LICENSES (EPLs) NO. 6534, 6535 & 6536 LOCATED NORTHWEST OF OMARURU, ERONGO REGION.

With reference to the subject above, Excel Dynamic Solutions (Pty) Ltd has been appointed by Kongom Group (Pty) Ltd to conduct the Environmental Assessment process on his behalf; for the application of an Environmental Clearance Certificate (ECC) to the Environmental Commissioner, in terms of the Environmental Management Act (No. 7 of 2007) and its 2012 EIA Regulations. Kongom Group (Pty) Ltd has been granted the Exclusive Prospecting Licenses (EPLs) No. 6534, 6535 & 6536 as per the Mineral (Prospecting and Mining) Act of 1992 and intends to conduct exploration activities for Base and Rare Metals, Precious Metals and Industrial Minerals on the EPLs. The EPLs are located northwest of Omaruru in the Erongo Region.

The Ministry of Environment, Forestry and Tourism (MEFT) has requested for Excel Dynamic Solutions (Pty) Ltd to provide a consent letter from the National Heritage Council, to allow for exploration activity on the EPLs, as part of Kongom Group (Pty) Ltd application for an ECC. A consent is necessary in order to ensure that the proposed activities would not have impact on any possible heritage, cultural or archaeological materials on the site, in terms of section 55 (9) of the National Heritage Act, 2004 (Act No. 27 of 2004). There are no known significant sites of heritage on the EPLs according to our environmental scope, however, you may advise according to data from your office on the site's standing in this regard.

This letter kindly seeks consideration for a letter of consent from your good office, for the proposed exploration activity on the EPLs. Attached to this letter is the Scoping Report and the draft Environmental Management Plan for the EPLs, for your perusal in consideration of granting consent for exploration activity on the EPLs. I look forward to your favorable response.

Yours faithfully

**EXCEL DYNAMIC
