Dear Sir or Madam

SUBJECT: ENVIRONMENTAL CLEARANCE FOR THE PROPOSED UPGRADING OF THE PALMWAG LODGE AND CAMPSITE, KUNENE REGION

The Environmental scoping report and Environmental Management Plan (EMP) submitted is sufficient as it made provisions of the environmental management concerning the proposed activities. From this perspective regular environmental monitoring and evaluations on environmental performance should be conducted. Targets for improvements should be established and monitored from time to time.

On the basis of the above, this letter serves as an environmental clearance for the project to commence. This clearance is for the lodge and campsite upgrading, listed activities that are part of operator's contract e.g construction and operation of the fuel station are subject to environmental assessments. However, this clearance letter does not in anyway hold the Ministry of Environment and Tourism accountable for any misleading information, nor any adverse effects that may arise from this project activity. Instead, full accountability rests with the proponent and his/ her consultants.

This environmental clearance is valid for a period of 3 (three) years, from date of issue unless withdrawn by this office.

Yours sincerely,

2013-12-05

Teofilus Nghitila
