OFFICE OF THE ENVIRONMENTAL COMMISSIONER

Mr. Jasper G. J. Theron
Plot 167 Braakwater
P.O. Box 40126
Windhoek

Dear Mr Theron

SUBJECT: ENVIRONMENTAL CLEARANCE CERTIFICATE FOR THE PROPOSED PROCESSING OF EXISTING STOCKPILE AND MINING ACTIVITIES ON CLAIMS 67456,67508 – 67510, SITUATED ON ONGUATI MINE, KARIBIB, ERONGO REGION

The Environmental Scoping Report and Environmental Management Plan submitted are sufficient as it made provisions of the environmental management concerning the project's activities. From this perspective regular environmental monitoring and evaluations on environmental performance should be conducted. Targets for improvements should be established and monitored throughout this process.

This Ministry reserves the right to attach further legislative and regulatory conditions during the operational phase of the project. In addition, the Environmental clearance certificate is issued with the condition that: all applicable and required permits are obtained and mitigations measures are applied particularly with respect to management of ecological impacts.

On the basis of the above, this letter serves as an environmental clearance for the proposed processing of existing stockpile and mining activities on claims 67456,67508 – 67510. However, this clearance letter does not in any way hold the Ministry of Environment and Tourism accountable for misleading information, nor any adverse effects that may arise from these activities. Instead, full accountability rests with Mr Jasper Theron and their consultants.

This environmental clearance is valid for a period of 3 (three) years, effective from the 22 April 2014 unless withdrawn by this office.

Yours sincerely,

Teofilus Nghitila
