**Subject:** Environmental Impact Assessment for the Proposed Subdivision, Rezoning and Creation of a Street on Erf 1924 Hentiesbaai Extension 8

Dear Potential Interested and Affected Party

Stubenrauch Planning Consultants (SPC) hereby give notice to all potentially Interested and Affected Parties (I&APs) that an application will be made to the Environmental Commissioner in terms of the Environmental Management Act (No 7 of 2007) and the Environmental Impact Assessment Regulations (GN 30 of 6 February 2012) for the following:

- (a) Subdivision of Erf 1924, Hentiesbaai Extension 8 into Erven A, B, C and Remainder;**
- (b) Rezoning of Erf B/1924, Hentiesbaai Extension 8 from “Cemetery” to “Parking”;**
- (c) Rezoning of Erf C/1924, Hentiesbaai Extension 8 from “Cemetery” to “Public Open Space”;**
- (d) Reservation of Erf RE/1924, Hentiesbaai Extension 8 as “Street”;**
- (e) Registration of a 15m wide Waterline Servitude against Erven C/1924 and Re/1924, Hentiesbaai Extension 8 in favour of Namwater;**
- (f) Inclusion of the rezonings in the next zoning scheme to be prepared for Henties Bay.**

The construction of Public roads and the route determination of roads and design of associated physical infrastructure where it is a public road, rezoning of land from use for nature conservation or zoned public open space to any other land use are listed activities as per the List of Activities requiring Environmental Clearance (Government Notice 29 of 6 February 2012) and accordingly require an Environmental Impact Assessment (EIA) to be conducted.

In line with Regulation 21(2) of the mentioned EIA Regulations, a Background Information Document (BID) is distributed to pre-identified Interested and Affected Parties as part of the public consultation process for this EIA. An Environmental Assessment will be undertaken to determine the potential impact of the development on the environment and to determine all environmental, and social impacts associated with the proposed development activities. A background information document is attached detailing the activity and the intended environmental assessment process.

The purpose of this application is to enable the Namibia Water Corporation (Pty) Ltd (NamWater) to re-place the existing water pipeline which currently runs across the Hentiesbaai Cemetery on Erf 1924, Hentiesbaai Extension 8 as it now lacks capacity and has reached the end of its life span. NamWater further intends to re-route the water pipeline and cancel the 20m wide Waterline Servitude registered against Erf 1924, Hentiesbaai Extension 8 in favour of NamWater as it currently limits the utilisation of land to full capacity.

In line with Namibia's Environmental Management Act (No. 7 of 2007) and EIA regulations (GN 30 of 6 February 2012), all I&APs are hereby invited to register and submit their comments, concerns, or questions in writing via Email: [bronwynn@spc.com.na](mailto:bronwynn@spc.com.na); Tel: 061 25 11 89 or Fax: 061 25 21 57 on or before 29 June 2023.

Kind regards
