PUBLIC NOTICE FOR THE APPLICATION OF NEW ENVIRONMENTAL CLEARANCE CERTIFICATE (ECC) - MINERAL PROSPECTING AND EXPLORATION ACTIVITIES ON EXCLUSIVE PROSPECTING LICENSE (EPL) NO. 8967 IN THE KUNENE REGION - NAMIBIA

In accordance with the Environmental Management Act, 2007, (Act No. 7 of 2007) & the EIA Regulations 30 of 2012, mineral prospecting activities are a listed activity which may not be undertaken without a valid Environmental Clearance Certificate (ECC). OMAVI Geotechnical & Environmental Services has been appointed to undertake an Environmental & Social Impact Assessment (ESIA) and prepare an Environmental Management Plan (EMP) to support the application for this project's ECC.

Proponent: Max Kefas Nuseb
Site Locality: EPL-8967 is located about 70km northwest of Sesfontein in the Kunene Region. The EPL covers an area of 19,996.3883 hectares (Ha). In terms of the requirements of the EIA Regulations, all Interested & Affected Parties (I&APs) must be provided with opportunities to participate in the ESIA process. I&APs are therefore, hereby invited to register & submit written comments/ concerns/ suggestions by close of business on Thursday, 28 September 2023 to the contact information provided below. A Background Information Document (BID) is available to I&APs upon registration. Further communications regarding the ESIA process for this project will only be made with registered I&APs.

A Public Consultation Meeting is anticipated in the week of 18 September 2023 at 11h00. Once confirmed, the final meeting details (exact date, time and venue) will be communicated to all stakeholders and registered I&APs.

Tel: +264 81 478 6303 (SMSes or WhatsApp Texts preferred for record keeping purpose)

PUBLIC NOTICE FOR THE APPLICATION OF NEW ENVIRONMENTAL CLEARANCE CERTIFICATE (ECC) - MINERAL PROSPECTING AND EXPLORATION ACTIVITIES ON EXCLUSIVE PROSPECTING LICENCE (EPL) NO. 8967 IN THE KUNENE REGION - NAMIBIA

In accordance with the Environmental Management Act, 2007, (Act No. 7 of 2007) & the EIA Regulations 30 of 2012, mineral prospecting activities are a listed activity which may not be undertaken without a valid Environmental Clearance Certificate (ECC). OMAVI Geotechnical & Environmental Services has been appointed to undertake an Environmental & Social Impact Assessment (ESIA) and prepare an Environmental Management Plan (EMP) to support the application for this project's ECC.

Proponent: Max Kefas Nuseb
Site Locality: EPL-8967 is located about 70km northwest of Sesfontein in the Kunene Region. The EPL covers an area of 19,996.3883 hectares (Ha). In terms of the requirements of the EIA Regulations, all Interested & Affected Parties (I&APs) must be provided with opportunities to participate in the ESIA process. I&APs are therefore, hereby invited to register & submit written comments/ concerns/ suggestions by close of business on Thursday, 28 September 2023 to the contact information provided below. A Background Information Document (BID) is available to I&APs upon registration. Further communications regarding the ESIA process for this project will only be made with registered I&APs.

A Public Consultation Meeting is anticipated in the week of 18 September 2023 at 11h00. Once confirmed, the final meeting details (exact date, time and venue) will be communicated to all stakeholders and registered I&APs.

Tel: +264 81 478 6303 (SMSes or WhatsApp Texts preferred for record keeping purpose)
Email: info@omavi.com.na

PUBLIC CONSULTATION MEETING MINUTES:

Environmental Scoping Assessment (ESA) for Proposed Exploration Activities on Exclusive Prospecting License (EPL) No. 3732 Located Near Arandis (Dorob National Park), in Erongo Region.

Date: Monday, 18 September 2023

Time: 09h40

Venue: MEFT Swakopmund Office (NWR Building)

The public consultation meeting was attended by (7) people, including one environmental consultant and one archaeologist from Excel Dynamic Solutions (Pty) Ltd (EDS) - **Please refer to the attached attendance register.**

1. INTRODUCTION AND WELCOMING REMARKS

The meeting was opened by the environmental consultant by introducing the team and stating the purpose of the consultation meeting with the parties affected by the proposed prospecting and exploration activities on EPL 3732. The meeting attendance register was circulated for the attendees to sign and add their contact details, so that they could be added to the list of interested and affected parties (I&APs) and receive further information on the ESA process.

2. MEETING AGENDA AND PRESENTATION

The agenda of the meeting included the following main points:

2.1 Brief Description of the Project

The Environmental Consultant, Ms. Iyaloo Nakale explained the EIA process to the attendees, and the reason for their invitation to the meeting (with reference to the Environmental Management Act (EMA) No. 7 of 2007 and its 2012 Environmental Impact Assessment (EIA) Regulations on Public Consultation). Ms. Nakale further explained the importance for the proposed project of requiring an ECC and attendee's role in the EIA process.

2.3 Presentation of Potential Project Impacts

To ensure transparency towards the public and understanding of proposed works by the attendees, the Environmental Consultant also presented the pre-identified potential positive & negative environmental and social impacts.

2.4 Public Open Discussion (Interactive Session)

Ms. Nakale provided the meeting attendees with the opportunity to raise their concerns/issues and/ or comment on the proposed project activities. The issues and comments recorded are presented in **Table 1** below.

Table 1: Comments and issues raised during the public consultation meeting, 18 September 2023

Comment/ issue No.	Commenter name & issue / comment / question	Response and name of responder:
1.	<p>Commenter 1: There is a problem in the ministry responsible for these kind of processes, where they neglect to inform us from the beginning and only notify us once there is a problem, but we appreciate the approach and following the process and putting in the effort in coming here to see us and us going to site. Please feel free in future to communicate with us. There are challenges in getting vehicles but we are available to assist you guys when you need to go to site. Just inform us well in advance.</p>	<p>Iyaloo Nakale (IN): We thank you for taking time to attend to this invite, we have taken note of that.</p>
2.	<p>Commenter 1: Is this the proponent?</p>	<p>Boris Schmidbauer (BS) EPL Representative: Yes, I am representing Mattie Investments Eight-Nine CC. Just to give you a brief background of what we plan to do. We are interested in exploring dimension stone, specifically rose quartz. What we are planning is not to build structures on the EPL but rather use existing tracks to go to the targeted sites because were are not planning to go deep into the park but rather focus on the front side of the EPL where the target sites are. This is for us to try to not cause to much damage to the environment.</p>
3.	<p>Commenter 1: Will you not be drilling?</p>	<p>BS: No, rose quartz is usually found in pockets and so we will be using excavators to dig out the quartz and put everything back as close to how we found it as possible.</p>

Comment/ issue No.	Commenter name & issue / comment / question	Response and name of responder:
4.	<p>Commenter 1: Then you must see to it that your excavator uses the existing roads there and also when you turn your vehicle makes the 3 point turn because people are very negligent when driving in the park, if you notice the surface in the park is like powdery and once it rains the tracks become hardened onto the surface. So you need to be careful not to create many new tracks.</p>	<p>IN: We have taken note of that and we will incorporate that in the reports.</p>
5.	<p>Commenter 2: I have observed that after the meetings proponents and partners always want to go to the EPL sites without having a permit.</p> <p>Commenter 2: You need to attach a list of all the names and relevant documents of the people that will be working on the EPL sites when you apply for the permits and once your application is approved you need to carry that permit at all times on site because if we find you without a permit on site during our patrols you are in trouble.</p>	<p>BS: How do we obtain the permits, how is the process done?</p> <p>IN: We will also assist Mr. Boris in getting the information to help him apply for the permits.</p> <p>BS: Noted, thank you.</p>

Comment/ issue No.	Commenter name & issue / comment / question	Response and name of responder:
6.	Commenter 1: The permits are free yes, but you need to apply for the permits to enter the parks for you to go to the EPL.	BS: Thank you for that information, I will do that before commencement of work, if granted the ECC.

FINAL REMARKS AND CONCLUSION OF THE MEETING

Ms. Nakale thanked the attendees for their input through comments and by raising their concerns. She indicated to the attendees that all their comments, concerns and inputs had been noted down for consideration, and for addressing in the Environmental Scoping Assessment (ESA) Report, as well as incorporating their recommendations into the draft EMP.

Furthermore, Ms. Nakale informed the attendees that the draft meeting minutes, Environmental Assessment Report (EAR) and Environmental Management Plan (EMP) will be shared with them for their review and further comments. These documents will be made available through emails provided on the attendance register.

Once the review of the reporting is completed, the documents will be finalized and submitted to the Environmental Commissioner at the Department of Environmental Affairs and Forestry (DEAF) for evaluation and consideration for an ECC.

The meeting adjourned at 10h30
