PUBLIC NOTICE
Rundu Structure Plan 2022 - 2042

The Rundu Town Council, under the 'Inclusive and Sustainable Urban Development' (ISUD) program, is preparing a Structure Plan which will influence the development of Rundu over the next 10 to 20 years. A Structure Plan is a spatial planning tool for guiding development within a town or local authority area. The structure plan is a long-term plan (10 to 20 years) that provides proposals, plans, maps, background studies and information prescribed by regulations. It sets policies and frameworks in place to achieve a better future for all inhabitants within the jurisdiction area. It informs the public, local or foreign investors and utility providers of Council's vision as to how the town of Rundu is to be developed. The plan is to be transparently prepared in close consultation with Local Authority, Utility Providers, Line Ministries, General Public and the Community. The public is therefore invited to attend one of the following public meetings where the first level thinking and spatial concepts of the structure plan will be presented for public input:

Date: 7 June 2023	Time: 10h00 – 12h00	Venue: Trade Fair Hall- Rundu
Date: 7 June 2023	Time: 15h00 – 17h00	Venue: Trade Fair Hall- Rundu

Notice

Lusia Haimbodi Mutuhalela the registered owner of Erf 332 Oshakati Extension 2, herewith give notice of my application to the Oshakati Town Council for Consent to operate an office on Erf 332, Oshakati Extension 1 in terms of the Oshakati Zoning Scheme. Erf 332 is situated in the residential neighbourhood of Oshakati Extension 1 (Oshakati West) along Malakia Nakuumba Road. The subject erf measures 945.80 m² in extent. According to the Oshakati Zoning Scheme, Erf 332, Oshakati Extension 1 is zoned for "Single Residential" purposes with a density of 1:600. It is therefore my intention to apply to the Oshakati Town Council for consent to operate an office on a single residential zoned erf. The proposed consent use will enable the formalisation of existing activities (Photography studio and printing shop) that are currently onsite. In line with the Oshakati Zoning Scheme, sufficient onsite parking will be provided for the proposed land uses. I have submitted an application with the Oshakati Town Council as per the Urban and Regional Planning Act No. 5 of 2018 and was formally instructed by Council to advertise the consent use in the prescribed manner. Take notice that the locality map of the erf lies for inspection during normal office hours on the town planning notice board at the Oshakati Town Council Office. Further take notice that any person objecting to the proposed Consent use as set out above may lodge such objection together with the grounds thereof, with the Oshakati Town Council and with the applicant in writing before 23 May 2023

The general public as well as any I&APs are hereby invited to attend the public meeting during which the potential environmental and social impacts of the project will be presented for comments and inputs from the public. The meetings are scheduled to take place as follows:

REZONING OF ERF 505, 5th AVENUE, TSUMEB FROM 'RESIDENTIAL' WITH A DENSITY OF 1:750M² TO 'INSTITUTIONAL'
Take notice that **DU TOIT TOWN PLANNING CONSULTANTS**, intends to apply on behalf of the owner of Erf 505, 5th Avenue, Tsumeb Extension 3, Kidney and Dialysis Specialist Centre (Proprietary) Limited, to the Tsumeb Municipality and the Urban and Regional Planning Board for the:

- Rezoning of Erf 505, 5th Avenue, Tsumeb Extension 3 from 'Residential 1' with a density of 1 dwelling per 750m² to 'institutional'.
- Consent to use Erf 505, Tsumeb for 'institutional' purposes for a kidney and dialysis specialist centre while the rezoning is formally being completed.

Erf 505, Tsumeb Extension 3 is 1344m² in extent and zoned 'Residential 1' with a density of 1 dwelling per 750m². Erf 505 is located directly north of 5th Avenue to the east of the SOS Children Village and the Kupferquelle Resort, in the southern part of Tsumeb Town. The owners intend to establish a fully functional kidney and dialysis facility on Erf 505 in Tsumeb. The dialysis centers will treat people with kidney disease or kidney failure with a dedicated team of providers to give comprehensive care to people with kidney disorders. This will make necessary medical treatment more accessible to the northern regions of the country. To enable Kidney and Dialysis Specialist Centre (Proprietary) Limited to construct and operate the facility on Erf 505, Tsumeb the Erf must be rezoned from 'Residential 1' with a density of 1 dwelling per 750m² to 'institutional'. Take notice that the locality plan of the erf lies for inspection on the Town Planning Notice Board at the Municipal Council Offices, Moses Garoeb Street, Tsumeb. Further take notice that any person objecting to the proposed use of land as set out above may lodge such objection together with the grounds thereof with the Tsumeb Municipality and the applicant within 14 days of the last publication of this notice (final date for objections is 15 June 2023).

ENVIRONMENTAL IMPACT ASSESSMENT (EIA) FOR THE PROPOSED TOWNSHIP ESTABLISHMENT OF TWO EXTENSIONS IN OMUTHIYA, OSHIKOTO REGION

Notice is hereby given to all potential Interested and Affected Parties (I&APs) and relevant stakeholders, that an application for an Environmental Clearance Certificate will be submitted to the Competent Authority and the Ministry of Environment, Forestry, and Tourism (MEFT) for the following activities.

Project title: Township establishment of Othithiya Proper and Othithiya Extension 1
Project Location: Omuthiya, Oshikoto region
Proponent: OMUTHIYA TOWN COUNCIL

Description: The proponent intends to establish two new township extensions on the remainder of Farm Omuthiya Townlands No.1013. The proposed township establishment will trigger activities listed under the Environmental Management Act (Act No. 07 of 2007), which may not be undertaken without an Environmental Clearance Certificate being obtained.

I&APs are hereby invited to register, request the Background Information Document (BID), and submit comments/inputs to info@greengain.com.na or jkondja@gmail.com The last day to submit inputs is on 02 June 2023.

All Parties are invited to attend the meeting which will take place.
Venue: King Nehale Conservancy Office, Omuthiya
Date: Monday, 29 May 2023
Time: 14:30

Subject: APPLICATION FOR ENVIRONMENTAL IMPACT ASSESSMENT FOR THE PROPOSED CONSTRUCTION OF TELECOMMUNICATION TOWERS IN THE OSHANA, OTJOZONDJUPA AND OMUSATI REGIONS, NAMIBIA

Dear Potential Interested and Affected Party

GCS Water Environmental Engineering Namibia (Pty) Ltd (GCS) hereby give notice to all potentially Interested and Affected Parties (I&APs) that an application will be made to the Environmental Commissioner in terms of the Environmental Management Act (No 7 of 2007) and the Environmental Impact Assessment Regulations (GN 30 of 6 February 2012) for the below.

- **Construction of a Telecommunication Tower in Otavi Extension 4, Otavi, Otjozondjupa Region;**
- **Construction of a Telecommunication Tower in Khoab Extension 4, Otavi, Otjozondjupa Region;**
- **Construction of a Telecommunication Tower in Oikokola (Etayi), Omusati Region**
- **Construction of a Telecommunication Tower in Outapi Extension 8, Outapi, Omusati Region;**
- **Construction of a Telecommunication Tower in Oshikuku Extension 7, Oshikuku, Omusati Region;**
- **Construction of a Telecommunication Tower in Oshikuku Extension 4, Oshikuku, Omusati Region;**
- **Construction of a Telecommunication Tower in Ondangwa Extension 8, Ondangwa, Oshana Region and**
- **Construction of a Telecommunication Tower in Ondangwa Extension 6, Oshana Region.**

GCS has been appointed by PowerCom (Pty) Ltd to conduct the Environmental Impact Assessments (EIAs) and submit the required reports to the Environmental Commissioner as part of an application to apply for the Environmental Clearance Certificates (ECCs) in accordance with the Environmental Management Act (7 of 2007) and its 2012 Regulations.

Public consultation forms part of the EIA process. As part of the public consultation process, you have been identified as a potential interested and affected party with respect to the proposed activity, which is why you are receiving this email.

Furthermore, public meetings are scheduled to be held to provide more information regarding the proposed activities and to allow Interested and Affected Parties (I&APs) an opportunity to comment on the proposed activities. The public meetings are scheduled to be held as follows:

Otavi Extension 4:**Date:** 29 May 2023**Time:** 14h30**Venue:** Erf 313, Rundu Ext 4**Khoaeb Extension 4:****Date:** 29 May 2023**Time:** 17h30**Venue:** Khoaeb Ext 4**Oikokola (Etayi)****Date:** 30 May 2023**Time:** 15h00**Venue:** Oikokola Village**Outapi Extension 8:****Date:** 31 May 2023**Time:** 14h00**Venue:** Erf 2539, Outapi Ext 8**Oshikuku Extension 7****Date:** 1 June 2023**Time:** 14h00**Venue:** Erf 1911 Oshikuku Ext 7**Oshikuku Extension 4****Date:** 1 June 2023**Time:** 17h00**Venue:** Erf 1566 Oshikuku Ext 4**Ondangwa Extension 8****Date:** 2 June 2023**Time:** 14h00**Venue:** Erf 2556, Ondangwa Ext 8**Ondangwa Extension 6****Date:** 2 June 2023**Time:** 17h00**Venue:** Erf 1789, Ondangwa Ext 6

Should you wish to send us any potential issues or comments that you would like to be considered as part of the impact assessment process and addressed in the scoping report, please send us your inputs before the end of business on **Friday, 9 June 2023**.

Once the scoping stage is completed, GCS will provide you with access to the draft scoping report, for your review, and you will have another opportunity to submit comments based on your review.

Please do not hesitate to contact us should you have any questions regarding the proposed activity and its EIA process.

Kind regards,

Victoria Shikwaya

APPENDIX G - PROOF OF SITE NOTICES

Site Notice

APPENDIX H - PUBLIC MEETING PRESENTATION

Environmental Assessment for the Proposed Construction of a Telecommunication Tower in Otavi Extension 4, Otavi, Otjozondjupa Region

Public Meeting: Erf 313 , Otavi Extension 4

29 May 2023

1

Agenda

- Welcome and introduction
- Background
- Purpose of the meeting
- Legislative process
- Public Participation Process
- The proposed development
- The way forward
- How you can get involved
- Questions/Answers

2

Background

PowerCom (Pty) Ltd (PowerCom or the proponent hereafter) proposes to erect a telecommunication tower on Erf 313, Otavi Extension 4.

The proposed project aims to strengthen the coverage for mobile services, inclusive of voice and data services within the subject areas.

GCS Water Environmental Engineering Namibia (Pty) Ltd (GCS) has been appointed to conduct the process and submit the application to the Environmental Commissioner on behalf of the proponent.

3

Purpose of the meeting

- To explain the Environmental Assessment Process.
- To provide information on the proposed development.
- To identify potential issues and concerns from the public in terms of:
 - Environmental;
 - Social;
 - Cultural; and
 - Economic.

4

Legal Requirements

Environmental Management Act No 7 of 2007 and Environmental Impact Assessment Regulations (Government Notice No 30 of 2012)

The following project activities trigger the need for an EIA in Namibia:

10.1 (g) *The construction of masts of any material or type and of any height, including those used for telecommunication, broadcasting, and radio transmission.*

5

Environmental Impact Assessment Process

- Application**
 - Review of project against EMA listed activities to determine the need for an EIA process
 - Compile and submit an ECC Application to the MICT and MEFT:DEAF
- Scoping** (Current stage)
 - Identify and consult with Interested and Affected Parties (IA&Ps)
 - Identify potential environmental and social impacts
 - Determine Terms of Reference for further study during EIA/EMP (if required)
 - Compile Draft Scoping Report and Draft EMP, and circulate to IA&Ps for review and comment
 - Finalise Scoping Report and Draft EMP with IA&P review outcomes
- Impact Assessment**
 - Conduct further specialist studies if required
 - Detailed assessment of environmental and social impacts
 - Compile Draft EIA and EMP, and circulate to IA&Ps for review and comment
 - Finalise EIA and EMP with IA&P review outcomes and submit to MICT and MEFT:DEAF for decision making
 - Notify IAPs of MEFT:DEAF decision

6

Rationale for Environmental Impact Assessment

To identify potential negative and positive impacts (social, economic, cultural & biophysical) and to determine their likely significance

Assess alternative ways of undertaking the project such that negative impact are avoided or managed and positive impacts enhanced

To allow for public involvement

To inform the proponents decision-making

To inform the Environmental Authority's decision-making (Ministry of Environment, Forestry and Tourism: Department of Environmental Affairs and Forestry, MEFT:DEAF)

7

7

Public Participation Process

Advertisements: 17 May 2023 and 24 May 2023 in the New Era newspapers

Written notice and Background Information Document (BID) to pre-identified Interested and Affected Parties via email and/or registered mail.

Notice displayed on site.

Public meeting in Otavi.

8

8

The proposed development: Need and Desirability

- Constant growth in use of mobile communication services
- Increasing need to expand the communications network
- Proposed structure aims to:
 - Provide capacity
 - Increase coverage
 - Improve quality of service

9

9

The proposed development: Site Location

10

10

The proposed development: Site Design

- 30-meter-high network tower
- Equipment room
- Site fenced to limit access

Network Structure Type	Lattice Network Tower
Erf number	313, Otavi Extension 4
Height	30 meters

Figure 1: Example of Lattice Network Tower erected by PowerCom

11

11

Potential Impacts

- **Telecommunications convenience:** Local mobile users will have improved infrastructure that will address problems with network coverage.
- **Disturbance:** During site establishment, the presence of the construction team may cause temporary disturbance to the direct neighbours.
- **Health and Safety issues:** Electromagnetic Radiation emitted from the antennae of cellular structures may affect human health. The study will assess whether the design standards applied will comply with the International Commission on Non-ionizing Radiation Protection (ICNIRP) Guidelines on Limiting Exposure to Electromagnetic Fields and the National Radiation Protection Authority of Namibia recommendations.

More potential impacts of the proposed activity will be identified upon consultations with the public and further research on the area.

12

12

The Way Forward

Scoping Phase:

- 1st comment phase: from 17 May 2023 - 9 June 2022
- 2nd comment phase: Draft Scoping Report will be made available to all registered IAPs for review and comment for 14-day period.
- Preparation and Submission of Final Scoping Report to Ministry of Environment, Forestry and Tourism.

Subject: Re: APPLICATION FOR ENVIRONMENTAL IMPACT ASSESSMENT FOR THE PROPOSED CONSTRUCTION OF TELECOMMUNICATION TOWERS IN THE OSHANA, OTJOZONDJUPA AND OMUSATI REGIONS, NAMIBIA

Good day,

Please be informed that your submission was reviewed by the National Radiation Protection Authority. Below is the feedback:

- The nature of the planned activity is associated with the emission of non-ionizing radiation. However, this is not reflected in the submission including the risk associated with this emission to any potentially exposed members of public. The Authority requires a mathematical calculation/ appropriate modelling to be used to establish boundaries (exclusion zones for workers and public) for each antenna to be mounted on the tower to ensure that the ICNIRP limits are not exceeded.
- The National Radiation Protection Authority is the only competent Authority on Radiation Safety matters. Kindly refer to the Non-Ionizing Radiation Regulations (Government Notice No. 126 of 2020).

This Authority will only issue a formal consent letter for ECC provided the above is covered in the submission/ EIA.

GCS has been appointed by PowerCom (Pty) Ltd to conduct the Environmental Impact Assessments (EIAs) and submit the required reports to the Environmental Commissioner as part of an application to apply for the Environmental Clearance Certificates (ECCs) in accordance with the Environmental Management Act (7 of 2007) and its 2012 Regulations.

Public consultation forms part of the EIA process. As part of the public consultation process, you have been identified as a potential interested and affected party with respect to the proposed activity, which is why you are receiving this email.

Furthermore, public meetings are scheduled to be held to provide more information regarding the proposed activities and to allow Interested and Affected Parties (I&APs) an opportunity to comment on the proposed activities. The public meetings are scheduled to be held as follows:

Otavi Extension 4:	Khoaeb Extension 4:	Oikokola (Etayi)
Date: 29 May 2023	Date: 29 May 2023	Date: 30 May 2023
Time: 14h30	Time: 17h30	Time: 15h00
Venue: Erf 313, Otavi Ext 4	Venue: Khoaeb Ext 4	Venue: Oikokola Village
Outapi Extension 8:	Oshikuku Extension 7	Oshikuku Extension 4
Date: 31 May 2023	Date: 1 June 2023	Date: 1 June 2023
Time: 14h00	Time: 14h00	Time: 17h00
Venue: Erf 2539, Outapi Ext 8	Venue: Erf 1911 Oshikuku Ext 7	Venue: Erf 1566 Oshikuku Ext 4
Ondangwa Extension 8	Ondangwa Extension 6	
Date: 2 June 2023	Date: 2 June 2023	
Time: 14h00	Time: 17h00	
Venue: Erf 2556, Ondangwa Ext 8	Venue: Erf 1789, Ondangwa Ext 6	

Should you wish to send us any potential issues or comments that you would like to be considered as part of the impact assessment process and addressed in the scoping report, please send us your inputs before the end of business on **Friday, 9 June 2023**.

Once the scoping stage is completed, GCS will provide you with access to the draft scoping report, for your review, and you will have another opportunity to submit comments based on your review.

Please do not hesitate to contact us should you have any questions regarding the proposed activity and its EIA process.

Kind regards,

Ndeshihafela Lucia Neliwa

Subject: Draft Scoping Reports - Availability for Public Review
Attachments: Guidline for HIA.pdf; Consent Application.docx

Good day

I would hereby like to acknowledge receipt of your emails and Environmental Impact Assessment Reports regarding the Construction and operations of Telecommunication towers in the following areas:

- Oikokola (Etayi), Omusati Region
- Khoab Extension 4, Otavi, Otjozondjupa Region
- Ondangwa Extension 8, Oshana Region
- Otavi Extension 4, Otavi, Otjozondjupa Region
- Oshikuku Extension 4, Omusati Region

Kindly take note that in terms of section 27 (1) of the Environmental Management Act No. 7 of 2007, project and development activities which require an Environmental Clearance Certificate (ECC) also require a Consent from the National Heritage Council of Namibia (NHC) since August 2020. This consent has thus been made a requirement for approval for the Environmental Impact Assessment (EIA) and Environmental Management Plan (EMP) studies that provide environmental clearance certificates. An application for consent must be accompanied by a Heritage Impact Assessment (HIA) report, which is required in terms of Section 51 (3) of the National Heritage Act (Act no. 27 of 2004). The HIA report is to elaborate and confirm to what extent, if any, the proposed activities would impact any resources of heritage significance in and around the area of interest. The guideline for HIA reporting as well the application for Consent form are attached in this email.

This information would therefore also apply towards your public consultation efforts with regards to the proposed construction of telecommunication towers in Windhoek, Khomas Region:

- Construction of a Telecommunication Tower in Rocky Crest Extension 1, Windhoek, Khomas Region;
- Construction of a Telecommunication Tower in Rocky Crest Extension 4, Windhoek, Khomas Region;
- Construction of a Telecommunication Tower in Katutura Extension 1, Windhoek, Khomas Region;
- Construction of a Telecommunication Tower in Katutura Extension 14, Windhoek, Khomas Region.

-As well as the proposed Otjombinde rural Water Supply Scheme – Omaheke Region:

- Eiseb West Scheme – Development of a water supply scheme west of the Eiseb Graben;
- Eiseb South Scheme – Development of a water supply scheme south of the Eiseb Graben;
- Okarupuri Scheme – Development of a water supply scheme in the Okarupuri area; and
- Talismanis – Rietfontein – Extension of the existing NamWater Scheme.

I hope this email finds you well.

Kind regards

L. Engelbrecht
