Dear Mr. Mufeti,

APPLICATION FOR ENVIRONMENTAL CLEARANCE CERTIFICATE: CLEAR SUN NAFRIPP MINING (PTY) LTD

The Ministry of Mines and Energy acknowledges receipt of an application for Environmental Clearance Certificate with ESIA and EMP for proposed prospecting and exploration of precious stones on EPL 3218 along the Orange River in Karas Region.

We have assessed the documents in terms of the provisions of the Minerals (Prospecting & Mining) Act 33 of 1992 for the applications and granting of Exploration Licences.

At this stage, we have not identified issues that are in contravention to the provisions of the act.

We further advise that the ECC be strictly limited to Exploration Activities only.

You may therefore proceed to assess the application accordingly.

I trust the above is in order.

Yours sincerely,
