

Good day Mr. Joseph

I have received your email and here are some of the comments

1. I think it will be great if you include clear pictures of the existing infrastructure for portion 1 of Namib plaas as you did for Portion 1 of Farm Namib Fontein 91.
2. Maybe include the dates of the adverts in the newspaper, it will be easier to search for the newspaper
3. There is a spelling error for Usakos under 6. Stakeholder Consultation Process.
4. Help me with the distance between the farms and Usakos as it will help in the fuel calculations. As I mentioned before there is a transport fee (Distance between Usakos and the Farms X 2 X N\$4.00) and an inspection fee of N\$10.00 per application to be paid.
5. I have read that Restaurant/ Food will be one of the businesses that will be conducted at the farms, therefore the Food Handlers that will be working in the restaurant need to conduct a food handler medical examination, which can be done either at state or private. Usakos Hospital charges N\$ 600 per Food Handler.

Currently, the district is experiencing a transport shortage and I can't give the exact date of when we will conduct the inspection. Unfortunately, we don't get picked up by Clients. So I will keep in touch with you to inform you when we have transport to come there.

Kindly receive the attached application for fitness certificate/business registration as per your request.

Regards
Priskila
