

1. LOCATION //KHAODI //HOAS CONSERVANCY

//Khaodi //Hoas Conservancy is in Kunene region. It lies south - west of Etosha National Park with which it shares a small border, and with the adjacent Hobatere Tourism Concession. To the east, it borders onto private farmland, while to the south and west, it borders with //Huab, Torra and Ehi-Rovipuka Conservancies and the Etendeka Tourism Concession. The proposed borehole will be drilled at Lekkerwater and Dorsland areas in the conservancy which are located at -19.511742° , 14.396881° and Dorsland -19.524242° , 14.362345° respectively (fig 1).
