OFFICE OF THE ENVIRONMENTAL COMMISSIONER

The Managing Member
Erongo Diagram Investments (Pty) Ltd
P O Box 3085
Walvis Bay
Namibia

Dear Sir/Madam

SUBJECT: ENVIRONMENTAL CLEARANCE CERTIFICATE FOR THE ESTABLISHMENT OF A 5MW SOLAR PHOTOVOLTAIC PARK ON A PORTION OF FARM GROOT QUINTA 976, OMAHEKE REGION

The Environmental Impact Assessment and Environmental Management Plan submitted are sufficient as it made provision of the environmental management concerning the project. From this perspective regular monitoring and evaluation on environmental performance should be conducted. Targets for improvements should be established and monitored from time to time.

This Ministry reserves the right to attach further legislative and regulatory conditions during the operational phase of the project. In view of the fact that your project is located in the settlement area, this environmental clearance certificate is issued with the following condition: The sewerage system should be in line with the settlement one.

On the basis of the above, this letter serves as an environmental clearance certificate for the project to continue. However, this clearance letter does not in any way hold the Ministry of Environment and Tourism accountable for misleading information, nor any adverse effects that may arise from this project's activities. Instead, full accountability rests with Erongo Diagram Investments (Pty) Ltd.

This environmental clearance certificate is valid for a period of 3 (three) years, from the date of issue unless withdrawn by this office.

Yours sincerely,

Teofilus Nghitila
ENVIRONMENTAL COMMISSIONER
