The Environmental Commissioner  
Ministry of Environment, Forestry and Tourism  
Private Bag 13346  
Windhoek  
Namibia

Dear Mr. Mufeti

**ENVIRONMENTAL CLEARANCE CERTIFICATE FOR THE OPERATION OF THE EXISTING CONSUMER INSTALLATIONS AT BENZ CONSTRUCTION, OSHAKATI, OSHANA REGION.**

Benz Construction is working in Construction Services business activities. It is one of the biggest suppliers of construction industrial material in Oshakati, Oshana Region. The company purchases and stores diesel on site to fuel vehicles. The diesel is sourced from Engen Namibia (Pty) Ltd. The facilities are already in existence and have been operational.

In terms of the Petroleum Products Regulations, 2000, the company needs to apply for a Consumer Installation Certificate. The proponent requires an Environmental Clearance Certificate in compliance of the EMA and in support of the Consumer Installation Certificate application.

The Environmental Clearance Certificate System requires that supporting documents be uploaded which is not available at the moment until the consumer certificate is obtained.

Yours Faithfully,

Colin P Namene  
**Managing Director**
