Dear Mr. Mufeti,

**Application number: APP-002246**

**Subject: Copy of Environmental Clearance Certificate previously issued for Mining Licence No. 118 and 119 at Block 4**

We hereby would like to inform the Environmental Commissioner the original Environmental Clearance Certificate for Mining Licence No. 118 and 119 at Block 4 could not be found and therefore, could not be submitted as required for renewing the Environmental Clearance Certificate.

The mining offices for Fourth Mining Company were broken into and documents and other important company information were stolen and some vandalised including the original Environmental Clearance Certificate.

We, therefore, request the Office of the Environmental Commissioner to assist with the tracing of a copy of the Environmental Clearance Certificate that was initially issued and to further assist with the renewal of the said approval to enable the Proponent to continue with the mining of precious and semi-precious stones at Mining Licence No. 118 and 119 at Block 4.

We look forward to your assistance in this regard and we hope you will find the above request in order and remain.

Sincerely,

Festus Kapembe
