

THE 061 284 2701

REPUBLIC OF NAMIBIA

PRO-FORMA ENVIRONMENTAL CONTRACT

WHEREAS the Applicant/Company referred to below, has been notified under section 48(4) of the Minerals (Prospecting and Mining) Act, 33 of 1992 (hereinafter "the Act"), that the Minister of Mines and Energy is prepared to grant the applicant a **Mining Claims** subject to certain terms and conditions and:

WHEREAS such terms and conditions include the condition precedent that the applicant enters into an Environmental Contract with the Government of Namibia;

IT is hereby agreed as follows:

1. PARTIES

The parties to this contract are Alfried Katambo (hereinafter referred to as "the Holder") being the holder of Non-Exclusive Prospecting Licence (delete those not applicable) number 9958 mc - 7441

on the one hand, and

THE GOVERNMENT OF NAMIBIA

(hereinafter referred to as "the Government")

duly represented by:

THE MINISTRY OF ENVIRONMENT & TOURISM (MET), and

THE MINISTRY OF MINES & ENERGY (MME)

on the other.

2. GENERAL OBLIGATIONS

- 2.1 The provisions contained in this contract are in addition to and do not detract from any obligations which the Holder may have under the Act.
- 2.2 The Holder recognises that its prospecting/mining operations may have significant impacts on the environment. Accordingly the Holder undertakes that during the course of its operations it will take every practicable step necessary to ensure the mitigation of such impacts. In doing so it will liaise with MET and MME as provided for in 3.3 and 4 below.
- 2.3 In particular the Holder will undertake necessary and adequate steps to ensure that environmental damage is reduced to a minimum and prevented insofar, as is practicable.
- 2.4 Should the Holder not carry out its environmental obligations it shall be liable for the environmental damage which may result. In this regard the Government reserves the right to:
 - 2.4.1 demand at any time financial or other guarantees to restore the environment or mitigate environmental damage which has, or which may occur, as a result of the Holder's activities;
 - 2.4.2 itself undertake such mitigatory or restorative measure and to recover the costs thereof from he Holder;
 - 2.4.3 claim compensation for environmental damage, which may have been brought about by the Holder's activities.

- 2.5 The Holder shall on completion or suspension of its operations, ensure that the impact on the environment is minimised and that every reasonable and practicable step is undertaken to ensure that the environment is left in a reasonable state. The provisions of clause 2.4 apply mutatis mutandis to environmental damage evident after prospecting, mining or other operations have been suspended or completed.
- 2.6 The Holder acknowledges that should it apply for a mining licence in consequence of its prospecting or other operations, it will have to comply with Namibia's National Environmental Assessment Policy (Directorate of Environmental Affairs, January 1995) and that this will entail the carrying out of an Environmental Assessment (EA).

THE ENVIRONMENTAL CONDITIONS

- 3.1 In accordance with section 68(f) of the Act, which provides that an application for a licence shall contain particulars of the existing condition of the environment, an estimate of the effect which the proposed operations may have, and the proposed steps to be taken to prevent or minimise such effect, the Holder has attached Environmental Conditions marked "Appendix A".
- 3.2 The Holder acknowledges that once the MET and MME has determined that the information furnished in Appendix A is satisfactory, it will form part of this contract.
- 3.3 The Holder warrants that the information contained in Appendix A is to the best of its knowledge and belief true and correct and that it will notify the Government of any material changes therein. Should there be such material changes, the Government reserves the right to re-negotiate the terms and conditions of this agreement.

COMPLIANCE AND NOTIFICATION

- 4.1 The Holder acknowledges that the reports, which it is obliged to furnish to MME (which is provided for in the notice from the Office of the Mining Commissioner under section 48(4) of the Act), will include an Environmental Report.
- 4.2 The Holder acknowledges that officials from MME and/or MET may at any time conduct a compliance and/or performance inspection of its operations.

4.3 The Holder will keep records of its environmental performance and make these available to the officials referred to in 4.2.

SIGNED AT

WINDHOEK ON THIS // DAY OF /2023

For the Holder:

(Duly authorised thereto)

For the Government of Namibia:

Mr Timoteus Mufeti **Environmental Commissioner**

Ministry of Environment and Tourism

And

Mining Commissioner

Ministry of Mines and Energy

REPUBLIC OF NAMIBIA

ENVIRONMENTAL QUESTIONNAIRE FOR MINING CLAIMS IN NAMIBIA

BEING APPENDIX A TO THE ENVIRONMENTAL CONTRACT

I. BACKGROUND INFORMATION

- 1.1 Companies/Natural persons applying for MINING CLAIMS must complete this questionnaire. (Please fill in ALL questions).
- 1.2 The answers provided in this questionnaire shall be regarded as commitments which will become part of the Environmental Contract between the Holder and the Government of the Republic of Namibia, duly represented by the Ministry of Environment and Tourism (MET) and the Ministry of Mines and Energy (MME).
- 1.3 Once the Holder has completed this questionnaire MET and MME will either accept/reject/request further information regarding the environmental commitments made therein. MET and MME reserve the right to add further conditions.
- 1.4 Once agreed to by all parties concerned, the completed questionnaire shall form part of the Environmental Contract.
- 1.5 Please attach a map of the mining claim area and a copy of the application to register mining claims.

2. Holder details

2.1 Name of Holder	Alfried Katambo
 Name of Mining Claim Holder (if different from 2.1) 	
2.3 Telephone, Fax, Cell Phone and/or E	E-Mail Tel: Fax: E-Mail: Cell: +264818015827
2.4 Postal Address Residential/Registered Address	PO Box 998, Okahandja Namibia
2.5 Reference Number	NEPL No: 9958 Expiry: 15 February 2024
2.6 Registered Number(s)	74411
2.7 Location (Farm, District, Region) claim(s)	of mining State land Otjimbingwe, Karibib, Erongo
2.8 Group(s) of Mineral(s) to be mined	Semi-precious stones, Precious Metals, Base and rare Minerals, Industrial Minerals, Dimension Stone

2.9 How many people will work on your mining claim, and where will they live?

Number of people	Where will they live?
1-4 roughly	They will stay at the village homestead area, Okongava

3. Environmental commitments

3.1 Pollution and Waste

3.1.1 What will you do with normal litter (e.g. Kitchen spoils, cans, bottles, paper, etc.)? We will use metal drums, whereby on monthly basis it will be taken to Otjimbingwe dump-site which is about 20km from the village.

3.1.2 What **industrial waste** will be generated and what will you do with it (e.g. old machinery, vehicles, building rubble, batteries, paint, thinners, vehicle oil, etc.)?

Industrial waste are mostly recyclable, we will use safe methods for safe keeping.

(Kept in constructed store rooms) We will utilize companies that are registered to buy or discard recycle materials. Building materials (if to be builded) to be disposed at the nearest dump-site in Otjimbingwe.

Decorative materials are not going to be used as our structures will be of moveable corrugated

iron.

3.1.3 Describe what type of toilet facilities will be provided.

Air-drop toilets will be constructed at designated areas.

3.2 Vehicle, earthmoving equipment, drilling and blasting

3.2.1 List the type and quantity of vehicles, earthmoving equipment, drilling equipment, and other machinery likely to be used on your mining claim (e.g. 2 x bakkies; 1 x bulldozer, etc.)

Vehicles:

2-3, 4x4 Vehicles

Earthmoving equipment:

Excavator,

Front-end loader and,

Bulldozer if needed

All this machinery will be hired from time to time

Drilling equipment:

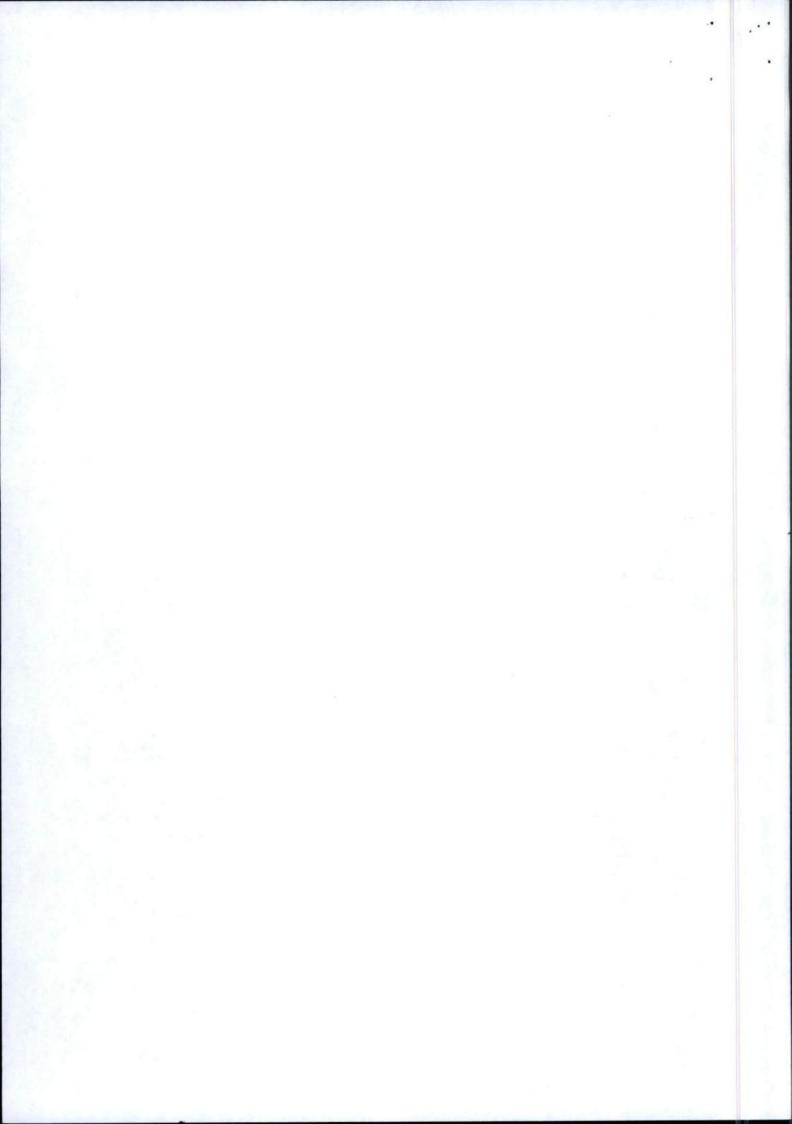

Air compressor or electrical braker for purpose of braking and drilling of small holes.

Other equipment and/or machinery: Not really known at the time of application for ECC and if any other equipment going to be used,
the relevant authorities will be notified.
3.2.2 Describe the environmental damage that is likely to result from the use of vehicles and machinery within the mining claim area (e.g. on the landscape in general, soil, vegetation, noise, dust, etc.).
Vehicles will be restricted to an existing roads, tracks. New access routes for
vehicles and machinery will be planned carefully to minimize environmental damage. All new
routes will be planned and constructed with the authorisation of the relevant ministries.
Trenches will be continuously closed created during prospecting and mining, will be back filled and closed to look near natural state.
and closed to look hear natural state.
Noise and dust will be minimal.
3.2.3 How will you control the movement of vehicles and machinery in order to minimise environmental damage? Movement of vehicles and machinery will be restricted to the existing routes, tracks.
3.2.4 Which routes will be used by vehicles to get to your mining claim and state whether you intend making new roads or tracks (both to your mining claim and within your mining claim)?
Existing routes will be used for the purpose to get to the mining claim and within the mining
claim. The area interested mining is inhabited by few residents including myself the applicant and
our intention is to make few new routes to the mining claims with permission of relevant Ministries.

3.2.5	Will you do any blasting	on your mining c	laim?					
Yes:		No:			Unsure:	X_		
3.2.6	If "yes" above, explain safety of humans, livestoo	how you intend ck and wildlife?	minimisi	ng environmental	impacts,	including	the the	
Profes	sionals will hired if really	need be, but reg	istered bl	asters with blastin	ng tickets			
Will k	now how to do their job. S	afety comes first	t villages	will informed.
