WINDHOEK

Dear Mrs. Mungadjela,

**RE: APPLICATION OF LAND THROUGH SHACK DWELLERS FEDERATION IN
OMUNGWELUME SETTLEMENT**

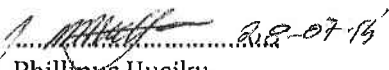

This letter serves to inform you that the application of eighteen (18) residential zoning for your members in Omungwelume Settlement has been approved.

It is worth mentioning that this allocation is a virgin piece of land, hence, not ready for immediate use. Your federation is therefore, collectively expected to survey, demarcate and service this 7000 m² piece of land before the sub-division among the your individual members, on average each of your member would receive the residential zoning of 390 m².

Upon the practical completion of the above-mentioned municipal services, individual beneficiaries would have to sign the lease agreements with the Council.

It is trusted that you will utilize this resource to improve the living standards of your members in Omungwelume settlement.

Yours faithfully

Phillipus Uusiku

ACTING CHIEF REGIONAL OFFICER
