**ECC**

**NOTICE OF AN ENVIRONMENTAL ASSESSMENT & PUBLIC PARTICIPATION PROCESS FOR THE ZINC SULPHIDE AND SULPHURIC ACID TRANSPORTATION AND STORAGE FACILITY, IN THE KARAS REGION, NAMIBIA**

Environmental Compliance Consultancy (ECC) hereby gives notice to the public that an application for an environmental clearance certificate in terms of the Environmental Management Act, No. 7 of 2007 will be made as per the following:

**Applicant:** Skorpion Zinc (Namibia) (Pty) Ltd  
**Environmental Assessment Practitioner (EAP):** Environmental Compliance Consultancy (Karas Region, Namibia)

**Proposed Project Activity:** The proponent, Skorpion Zinc (Namibia) (Pty) Ltd, propose to transport 314 000 tonnes of Zinc Sulphide concentrate from their solar company Black Mountain Mining (Pty) Ltd, in South Africa for processing at their Namibian refinery located in Roos Pinau, Namibia.

The processing of this material will produce 75 000 tonnes of industrial sulphuric acid, that would then be transported within Namibia to local consumers, and to the Skorpion Zinc warehouse at the Port of Lüderitz for export. Within the existing warehouse at the port, a storage facility will be constructed to store 25 000 tonnes of sulphuric acid.

**ESIA Project Details:** Three Environmental and Social Impact Assessments (ESIA) will be undertaken for this project due to the different materials being stored and transported, and due to the geographical extent of the three project areas. The three ESIA's that will be conducted are:

1. Transportation of zinc sulphide concentrate from the Oranjemund border to the Namibian refinery, in the Karas Region, Namibia;
2. Transportation of industrial sulphuric acid from the Namibian refinery, within Namibia to local consumers, and to the Skorpion Zinc warehouse at the Port of Lüderitz, in the Karas Region, Namibia; and
3. The construction of a bulk storage and handling facility for industrial sulphuric acid at the Skorpion Zinc warehouse at the Port of Lüderitz, in the Karas Region, Namibia.

**ISAPs Registration:** The purpose of the review and registration period is to introduce the proposed project and to afford interested and affected Parties (ISAPs) an opportunity to register and comment on the Non-Technical Summary (NTS), to ensure that potential issues and concerns are brought forward, so that they can be considered and assessed during the impact assessment process.

The registration period is effective from **10 to 24 February 2021**.

ISAPs and stakeholders are required to register for the project at: <https://www.environmental.com/ntes/>

The team at ECC will then maintain contact with all registered ISAPs to engage and to keep them informed throughout the ESIA process develops. ECC will also provide registered ISAPs input opportunities and review periods throughout the assessment process.

REFERENCE: ECC-99-313-LET-12-A  
10 February 2021

Identified Stakeholder and or Potentially Interested Party:

Dear Sir or Madam:

**RE: NOTIFICATION OF ENVIRONMENTAL ASSESSMENT FOR THE PROPOSED ZINC SULPHIDE AND SULPHURIC ACID TRANSPORTATION AND STORAGE FACILITY, IN THE IKARAS REGION.**

Environmental Compliance Consultancy (ECC) has been engaged by Skorplion Zinc (Namzinc) (Pty) Ltd, the proponent, to act on their behalf for the environmental clearance certificates applications.

ECC is conducting the Environmental and Social Impact Assessment (ESIA) in terms of the Environmental Management Act, No. 7 of 2007 and will be submitted to the competent authority and the Ministry of Environment, Forestry and Tourism for a record of decision.

ENVIRONMENTAL COMPLIANCE CONSULTANCY CC  
PO BOX 81193 WINDHOEK, NAMIBIA  
MEMBERS: J L MOONEY & JS BEZUIDENHOUT  
REGISTRATION NUMBER: CC/2019/11404

The proponent, Skorpion Zinc (Namzinc) (Pty) Ltd, propose to transport 314 000 tonnes of Zinc Sulphide concentrate from their sister company Black Mountain Mining (Pty) Ltd, in South Africa for processing at their Namzinc refinery located in Rosh Pinah, Namibia.

The processing of this material will produce 75 000 tonnes of industrial sulphuric acid, that would then be transported within Namibia to local consumers, and to the Skorpion Zinc warehouse at the Port of Lüderitz for export. Within the existing warehouse at the port, a storage facility will be constructed to store 15 000 tonnes of sulphuric acid.

**ESIA Project Details:** Three Environmental and Social Impact Assessments (ESIA) will be undertaken for this project due to the different materials being stored and transported, and due to the geographical extent of the three project areas. The proposed routes and location of the projects are provided on the maps hereto attached. The three ESIA's that will be conducted are:

1. Transportation of zinc sulphide concentrate from the Oranjemund border to the Namzinc refinery, in the !Karas Region, Namibia;
2. Transportation of industrial sulphuric acid from the Namzinc refinery, within Namibia to local consumers, and to the Skorpion Zinc warehouse at the Port of Lüderitz, in the !Karas Region, Namibia; and
3. The construction of a bulk storage and handling facility for industrial sulphuric acid at the Skorpion Zinc warehouse at the Port of Lüderitz, in the !Karas Region, Namibia.

This letter is intended to engage stakeholders and potentially Interested and Affected Parties (I&APs) of the project and provide a communication channel to ECC for the project. You have been identified as either a stakeholder, interested or affected party; therefore ECC wishes to inform you of how you can become involved in the project.

Public participation is an important part of the EIA process, as it allows public and stakeholders to obtain information about the proposed project. Public participation occurs at various stages throughout a project lifecycle including:

- Advertising in newspapers;
- Distributing a Non-Technical Summary (NTS) to identified stakeholders and I&APs;
- Registered I&APs will also be informed of the available draft scoping report for a 7-day comment and review period, during this period I&APs will have the opportunity to review the draft document and raise any issues or concerns, and
- Stakeholders and I&APs who wish to register as an I&AP must do so on the ECC website as per the link provided below: <https://eccenvironmental.com/projects/>

If you are unable to complete the registration form online please email [info@eccenvironmental.com](mailto:info@eccenvironmental.com) and request an electronic copy of the form that you can complete, sign, scan and return via email to [info@eccenvironmental.com](mailto:info@eccenvironmental.com) to register as an I&AP for the project.

ENVIRONMENTAL COMPLIANCE CONSULTANCY CC  
PO BOX 91193 WINDHOEK, NAMIBIA  
MEMBERS: J L MCONEY & JS BEZUIDENHOUT
