The Managing Member
Khoi Roots Farming CC
P. O. Box 10382 Khomasdal
Windhoek, Namibia
Attention: Ms. Alonushka Belokon

Dear Madam

Re: Consent Land Use – Proposed Site De-Bushing, Horticultural activities (Lucerne production) and subsequent Poultry Farming on the allocated 20 hectare (Ha) land within the boundaries of the Outjo Municipal Townlands in the Kunene Region

Upon your engagement with us and request for Consent from our office as part of the application for your Environmental Clearance Certificate (ECC) from the office of the Environmental Commissioner, we hereby give consent to your company, Khoi Roots Farming CC to establish and operate the proposed project activities referred to above within the Townlands as agreed. The Municipality of Outjo requests that once the Environmental Clearance Certificate (ECC) is issued by the Environmental Commissioner, Khoi Roots Farming will need to present a copy of this document (ECC) to our office before project implementation.

Furthermore, we will also request that you comply with the conditions of operations and obligations set by Municipality regarding your operations as well as compliance with the ECC and its conditions. This is to ensure effective implementation of the management and mitigation measures provided in the Environmental Management Plan (EMP) for environmental protection and sustainability in the Town and immediate surroundings.

Should you have any questions or need assistance from the Municipality in this regard, please do not hesitate to contact our offices

/.....

I trust that you will find the arrangements in order.

Yours faithfully,

S.J.D LABUSCHAGNE
Acting Chief Executive Officer

CC: Office of the Environmental Commissioner, Department of
Environmental Affairs & Forestry (Ministry of Environment, Forestry and
Tourism (MEFT))
