Subject: Stakeholder identification for the proposed exploration activities on the Exclusive Prospecting Licence (EPL)

8014 located South of Usakos in the Erongo Region

Dear Esteemed stakeholders

This email serves to inform you that Excel Dynamic Solutions (Pty) Ltd (the consultant) has been appointed by Ueriheka Roswitha Dealmanda (the proponent) to act on their behalf in obtaining an Environmental Clearance Certificate (ECC) for the proposed mineral exploration activities on Exclusive Prospecting Licence (EPL) 8014. The project area is located South of Usakos in the Erongo Region.

Mineral prospecting and exploration is one of the listed activities that cannot be undertaken without an Environmental Clearance Certificate (ECC) as per the 2012 Environmental Impact Assessment (EIA) Regulations of the Environmental Management Act No. 7 of 2007. The Proponent, therefore, appointed Excel Dynamic Solutions (Pty) Ltd, an independent Environmental Consultants firm to conduct the required Environmental Scoping Assessment (ESA) process and apply for the ECC.

Furthermore, Section 21 to 24 of the EIA Regulations requires that Public Consultation is undertaken as one of the crucial components of the Environmental Assessment, which involves the pre-identification of potential Interested and affected Parties (I&APs) or Stakeholders and ongoing registration of new I&APs and subsequent consultation. You have therefore been identified as a potential I&AP for this proposed activity, and the reason you are receiving this communication. Please find the attached Background Information Document (BID) and the proposed exploration activities.

Please note that the Public Consultation meeting is scheduled will be shared in due course.

Thank you and best regards
