Dear Sir or Madam:

RE: APPLICATION FOR ENVIRONMENTAL CLEARANCE CERTIFICATE FOR THE PROPOSED CONSTRUCTION AND OPERATION OF NAMWASTE MANAGEMENT FACILITY (NMF) FOR THE TREATMENT AND DISPOSAL OF GENERAL AND HAZARDOUS WASTE IN THE ERONGO REGION

The Environmental Scoping Report provides adequate identification of significant environmental aspect to be addressed by the Environmental Impact Assessment for the proposed activity. Therefore, you are kindly advised to proceed with the detailed assessment as per Regulation 14 and 15 of the Environmental Impact Assessment Regulation (GN 4878, No 30 of 2012) under the Environmental Management Act 7 of 2007.

Key environmental impacts relating to the Biophysical and Socio-economic environments i.e. potential Geotechnical / Geohydrological, Heritage and Archaeology, Sense of Place and Scenic value / Visual sores, and Biodiversity aspects as outlined in the proposed "Terms of Reference (ToRs)" must be considered and assessed. All adverse impacts must be identified, and mitigation measures proposed.

Furthermore, relevant administrative framework must be taken into consideration, especially laws relating to commercial waste and hazardous substance treatment, handling (disposal) and storage, and those governing development activities within the jurisdiction of a relevant conservation or protected area.

I trust that these recommendations are in order and shall receive your favourable consideration.

Yours sincerely,

Timoteus Mufeti

Dear Commissioner,

LANDOWNER CONSENT FOR THE PROPOSED DEVELOPMENT OF NAMWASTE WASTE MANAGEMENT FACILITY IN ERONGO REGION.

The Gaob !Oe-#Gân Traditional Authority “the Traditional Authority” is aware of the application for Environmental Clearance Certificate (ECC) lodged by Namwaste (Pty) Ltd, for the proposed development of a general and hazardous waste treatment and disposal facility and associated infrastructures (road, water and electricity) on portion of land located on the Trekkopje road between the town of Arandis and the Orano Uranium Mine, 17 km north-west of Arandis in the Erongo Region as shown in Annexure A.

The Traditional Authority had an opportunity to review the draft Environmental and Social Impact Assessment Report and Environmental and Social Management Plan, and it is acknowledged that project is in line with the Government’s objectives i.e. employment creation, wealth distribution, service delivery and sustainable development.

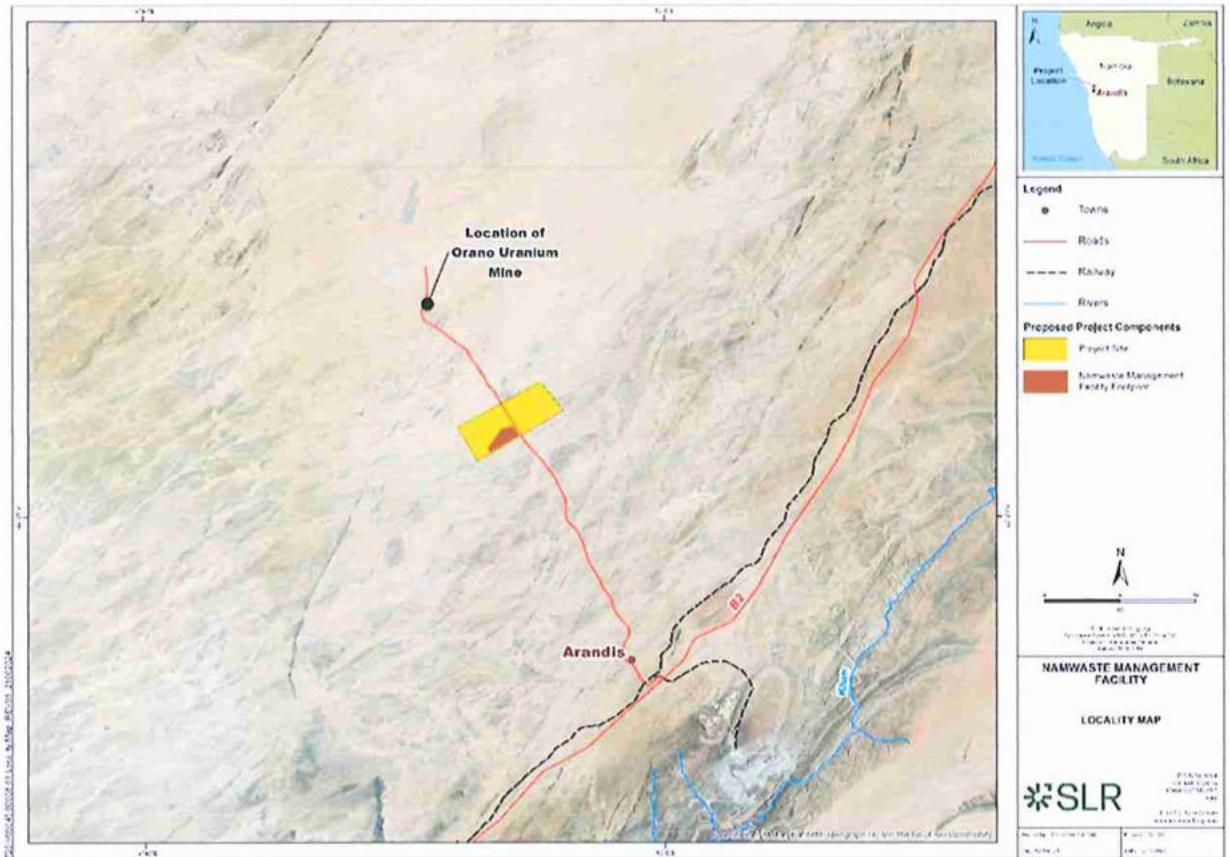

As such the Traditional Authority provides its consent for Namwaste (Pty) Ltd to develop the proposed facility on the above-mentioned piece of land, depending on the Commissioner issuance of the ECC.
