Dear Mr. T. Mufeti

**RE: APPLICATION FOR THE AMENDMENT & RENEWAL OF ENVIRONMENTAL CLEAR-
ANCE CERTIFICATE FOR THE PROPOSED WALVIS BAY EXTENSIONS 16, 17 AND 20
(ERF 5461 WALVISBAY EXTENSION 5)**

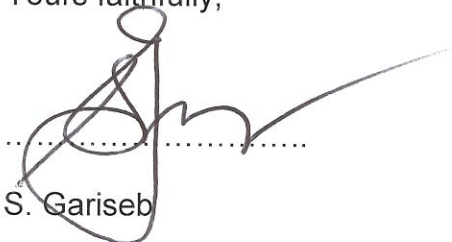

With reference to your letter dated 12 April 2016 (ECC copy attached), G&K Environmental Consultants CC on behalf of the Proponent (Wakuna Investments CC) hereby reapply for the renewal of expired Environmental Clearance Certificate, along with the amendments to Extension 16 layout to be known as Extension 20.

The original ECC was issued for Extension 16 and 17. Extension 17 has been developed, however extension 16 remains undeveloped and was further amended to make provision for more residential erven. This amendment has resulted in creation of additional extension 20 in addition to the existing extension 16.

The amended extension 16 and 20 has to be submitted to the Townships Board for approval and a Environmental Clearance Certificate is required. It is against this background that Wakuna Investments is requesting G & K Environmental Consultants CC (the initial EIA/EMP Consultants) to reapply for the Environmental Clearance Certificate in accordance with the provisions of the EIA regulations.

We trust that the above is in order and look forward to your positive response.

Yours faithfully,

S. Gariseb
