File No. 23-APP 231128002519

TO: All PARTIES

SUBJECT: INVITATION FOR COMMENTS: ENVIRONMENTAL IMPACT ASSESSMENT (SCOPING) FOR THE PROPOSED MINING CLAIMS (MCs) 75089, 75090 75091, 75092, 75093 and 75094 IN KUNENE REGION - NAMIBIA

Pursuant to the provisions of the Environmental Management Act (No. 7 of 2007) and the Environmental Assessment Regulations of 2012, this invitation serves to inform that the above stated proposal was registered with the Ministry of Environment, Forestry and Tourism (Office of the Environmental Commissioner), Application no APP 231128002519 (Application for an Environmental Clearance Certificate). Scoping is the first formal step in preparing an Environmental Impact Assessment (EIA) and initiates stakeholder involvement. Through scoping, stakeholder input/comments on the proposed development are solicited. This process helps the EAP and Office of Environmental Commissioner amongst other to:

- Identify areas that require an in-depth analysis, and those areas for which a more limited discussion is appropriate.
- Narrow the focus of the assessment to significant environmental issues;
- Identify alternatives to be analysed during the EIA process together with mitigation measures that address potential environmental impacts of the proposal.

Areas to comment upon:

Interested and affected parties, are thus kindly invited to provide comments. Information pertain to project location and in the document (attached). The project draft EIA report can be sent to upon request. Without limitations, suggested comment topics are as follows:

- Alternatives that need to be considered
- Licenses or other approvals that may be required,
- Environmental information, policy guidelines, or reports relevant to the development
- Known or pending disputes that are likely to be associated with the proposed development.
- Areas or concerns that require in-depth analysis, and those areas for which a more limited discussion is appropriate,
- Probable significant adverse impacts and specific mitigation measures that should considered to avoid or minimize impacts

Kindly forward your comments using the above stated contact details.

Please include the application number listed above for electronic (SMS, WHATSAPP, E-MAIL) comments.
