OFFICE OF THE ENVIRONMENTAL COMMISSIONER

The Managing Member
Eco-Sense Trading Enterprises CC
P O Box 35270
Kleine Kuppe
Windhoek

Dear Sir/Madam

SUBJECT: ENVIRONMENTAL CLEARANCE CERTIFICATE FOR THE PROPOSED LIQUIDIFIED PETROLEUM GAS (LPG) BULK FACILITY AT ERF 208, NORTHERN INDUSTRIAL AREA, WINDHOEK, KHOMAS REGION

The Environmental Impact Assessment and Environmental Management Plan submitted is sufficient as it made provision of the environmental management concerning the project. From this perspective regular monitoring and evaluation on environmental performance should be conducted. Targets for improvements should be established and monitored from time to time.

This Ministry reserves the right to attach legislative and regulatory conditions during the operational phase of the project. From this perspective, I issue the clearance with the following conditions; i) that all applicable permits should be obtained, ii) a boundary wall must be constructed before installation of equipment.

On the basis of the above, this letter serves as an environmental clearance certificate for the project to commerce. However, this clearance letter does not in any way hold the Ministry of Environment and Tourism accountable for misleading information, nor any adverse effects that may arise from this project's activities. Instead, full accountability rests with Eco-Sense Trading Enterprises CC.

This environmental clearance certificate is valid for a period of 3 (three) years, from the date of issue unless withdrawn by this office.

Yours sincerely,

Teofilus Nghitila
ENVIRONMENTAL COMMISSIONER
