The chief Executive Officer  
Ondangwa Town Council  
P/Bag 2032  
Ondangwa

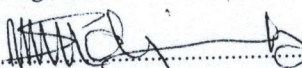

Dear Sir

Re: Request to allocate erf no 6260

We are kindly hereby requesting the council to allocate us the above-mentioned plot as it is in front of our five plots that the Council has allocated to us. We find it difficult to position the **first phase** (Service Station) of the project on any of the plots unless the Council will assist us on this regard. The **second phase** will be the construction of the **Mall** that will require the Council approval to put the street behind the **Ervens** to be used as an access road for offloading purposes.

Your kind consideration will be highly appreciated.

Best Regards.

  
.....
