Windhoek

Namibia

Dear Sir

**SUBJECT: ENVIRONMENTAL CLEARANCE FOR PROPOSED AUASBLICK  
EXTENSION 1 TOWNSHIP DEVELOPMENT IN WINDHOEK, KHOMAS REGION,  
NAMIBIA**

The Environmental Scoping Report and Environmental Management Plan submitted are sufficient as it made an adequate provision of the environmental management concerning proposed activities. From this perspective regular environmental monitoring and evaluations on vegetation and groundwater should be conducted. Targets for improvements should be established and monitored from time to time.

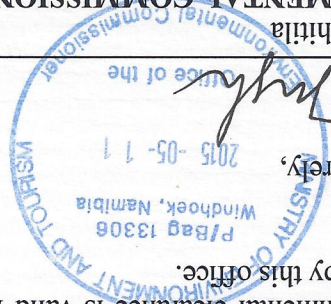

This Ministry reserves the right to attach further legislative and regulatory conditions during the operational phase of the project. From this perspective, I issue this clearance with the following condition: (a) relevant permitting authority involved must be properly consulted and written consent obtained from them; and (b) any key biodiversity habitats must be protected.

On the basis of the above, this letter serves as an environmental clearance for the project to commence. However, this clearance letter does not in any way hold the Ministry of Environment and Tourism accountable for misleading information, nor any adverse effects that may arise from this project activity. Instead, full accountability rests with Sinco Investments Sixty One Ltd T/A PPH Auasblick and his/ her consultants.

This environmental clearance is valid for a period of 3 (three) years, from the date of issue unless withdrawn by this office.

Yours sincerely,

**Teofelus Nghitila**  
**ENVIRONMENTAL COMMISSIONER**
