Brand van Zyl, owner and Director of the firm has 16 years of experience in both the public and private sector. He holds a Master's degree in Environmental Management, as well as a Masters in Town and Regional Planning, and as a result specialises in environmental planning and management, as well as town planning and regional planning.

He has worked at junior level for National Government and senior level within the private sector since 1999. He also has six years' experience teaching within the Department Land Management (Namibia University of Science and Technology), responsible for the development of both the Diploma and Bachelor Degrees of Town and Regional Planning.

He is a nationally certified professional planner (Namibian Council for Town and Regional Planners) and worked on a variety of planning and development projects of all sizes and different levels throughout Namibia. After obtaining his Master (Environmental Management) in 2004, he has undertaken various environmental impact assessment studies of different kinds throughout the larger Namibia.

He is well familiar with the legislative requirements as set by the Environmental Management Act (No. 7 of 2007), Environmental Impact Assessment Regulations (No. 30 of 2012) and Local Authority level legislation.

Certification

I, the undersigned, certify that to the best of my knowledge and belief, this CV correctly describes myself, my qualifications, and my experience. I understand that any willful misstatement described herein may lead to my disqualification or dismissal, if engaged.

Signed at Windhoek on this 6th day of July 2021.
