Dear Environmental Commissioner,

**SUBJECT: CONFIRMATION OF NON-OVERLAP OF EPL 6776 WITH CONSERVANCY AREA**

I am writing to officially communicate that after thorough examination and assessment, it has been determined that the area covered by Exclusive Prospecting License (EPL) 6776, held by Mr. Moses Sasamba, does not overlap with any conservancy area. According to our findings it lies within the Walvis Bay Rural Constituency.

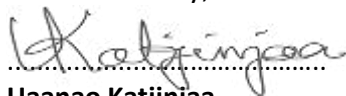

We have meticulously reviewed the boundaries of EPL 6776 in relation to the designated conservancy areas. Our assessment involved detailed mapping and consultation with relevant stakeholders to ensure accuracy and compliance with environmental regulations.

Based on our findings, we can confidently affirm that there is no encroachment or overlap between the territory designated under EPL 6776 and any conservancy area. This confirmation underscores our commitment to upholding environmental preservation and sustainable development practices.

Please consider this letter as an official record of our findings and a testament to our dedication to responsible environmental stewardship. Should you require any further clarification or documentation regarding this matter, please do not hesitate to contact SS Consultants.

Thank you for your attention to this matter.

Yours sincerely,

**Uaanao Katjinjaa**
