Revised January 2023

1. Overview

Public and stakeholder consultation process was provided for in the environmental assessment process undertaken for the EPL 6959. According to the Environmental Impact Assessment (EIA) Regulations No. 30 of 2012 and the Environmental Management Act, (EMA), 2007, (Act No. 7 of 2007), a person conducting a public consultation process must give notice to all Interested and Affected Parties (I&AP) of the application which is subjected to public consultation.

The EIA Regulations clearly state that potential interested and affected parties must be provided with a reasonable opportunity period to comment on the application under Section 21(6) of the EIA Regulations.

Public consultation process was undertaken during the month of November 2022 with the farmers. In line with the provisions of the EIA Regulations, 2012 and in order to identify the key Interested and Affected Parties (I&APs), public notices were published in the following newspapers: New Era Daily Newspaper dated 19th October 2021 and 30th September 2021, the Confidence Weekly Newspaper dated 30th September to 6th October 2021, and 7th October to 12th October 2021 (attachments).

During the public / stakeholder consultation period, no written comments / objections / inputs were received by Environmental Assessment Practitioner (EAP) specific for this EPL No. 6959. Below is the list of farmers that were contacted for an information sharing session (Table 1)

Table 1, List of stakeholder register; farm and farm owners with emails.

Mziikazi Former Miners Association, Registration number 21/2018/0128, is a national association which was incorporated in the Republic of Namibia under the Companies Act, 2004 (Act No. 28 of 2004), on the 28 February 2018, as a company limited by guarantee and is incorporated under Section 21 of that Act.

Background
This association was founded as a vehicle to track down ex-miners that succumbed to tuberculosis and silicosis during their employment in South African mines as well as reaching out to their surviving families and find means of improving their welfare by assisting them in getting their social compensation benefits.

The main purpose of the association is to:

- Provide Intermediation services to former South African Mine Workers in liaison with the Southern Africa Mine Workers Association (SAMA).
- To register, maintain an up to date-base and expedite the processing of South African former Mine Workers' benefits by the Southern Africa Mine Workers Association.
- To facilitate in coming up with sustainable projects for improving the welfare of the ex-miners and their surviving family members through provision of grants.

The association is more than three years old in its 16 months of operation, so much ground has been covered in advancing the interests of the former mine workers and this press release seeks to reach out to those that still do not know the existence and those of this organization.

Affiliates

- Regionally, Mziikazi Former Miners Association is affiliated to Southern Africa Mine Workers Association (SAMA), which is also spread heading the same program at SADC level.
- In Namibia, the association is in partnership with NANASO, a non-governmental organization which is based in Windhoek and Caprivi Hope for Life, which is based in Katima Mulilo.

These two organizations fall within the armpits of Mziikazi Former Miners Association. The two organizations are also into fighting HIV, Tuberculosis, Malaria and other related diseases.

Registration of former mine workers has already commenced in Katima Mulilo, and the names have been sent to South Africa for tracing.
