REF: Consent letter for the application for an Environmental Clearance Certificate (ECC) for the exploration of base and rare metals (copper ore) at EPL 7885 & 7886 situated at Onguta/ Otjokavare Village, Kunene Region.

The leadership of Onguta /Otjokavare village under the Vita Thom Traditional Authority and their subject community have no objection for the application for an Environmental Clearance Certificate for the exploration of base and rare metals (copper ore) at EPL 7885 & 7886 situated within our jurisdiction. The proponent, Mr. Shivute Alfeus Angula must however adhere to all mandatory requirements as per the agreed social responsibility with the Traditional Authority and the community of Onguta/ Otjokavare village and should continue to engage with our office so that the community benefits from this exploration project through the community trust fund to allow for our developmental priorities to be undertaken.

Yours Truly,

B.K. Muzuma
