Dear Madam/Sir,

please register me as an IAP for the EIA pertaining to the planned prospecting activities in EPL 5867 (Hottentot's Bay) by Ibeza Investment Group.

I would be grateful if you could email me the Background Information Document as well as any other relevant and available documentation about this project.

My contact details are:

Dr. Jessica Kemper  
PO Box 583  
Lüderitz  
Email: [jkemper01@gmail.com](mailto:jkemper01@gmail.com)  
Cell: 9813231110

I am a biologist, with a particular interest in coastal seabird conservation in Namibia.

Thank you, Jessica

Dear Madam/Sir,

on 7 April 2021 I asked to be registered as an IAP for the above planned prospecting activities (see message attached below). I received an automated response that the team was in the field and that I would be contacted. This has not happened to date. According to your advert, today (16 April 2021) is the deadline to register and comment on the project. Please confirm that I am registered as an IAP and provide any background information documentation, as it is difficult to comment on the project without having any details.

Thank you, Jessica

Good Morning Dr Kemper,

Thank you very much for showing interest in this project. Let me also, take this chance to apologize for keeping you in the dark for long.

For three weeks we have been engaging the proponent to indicate the status quo on the project, we are not receiving any positive feedback.

I suggest we give it another week and hear the way forward. Once we are given a green light, we shall provide adequate time to receive your comments on the BID.

Our aim is to have a transparent and inclusive public participation process.

We shall keep you posted.

Regards

Gideon

Dear Gideon,

many thanks for the feedback. I understand your situation and look forward to receiving the BID once you managed to sort out the way forward with the proponent.

Regards, Jessica

Dear Esteemed I&AP,

The proponent has revived the proposed project on EPL 5867, thus the process of public

participation should kick-off. As promised kindly receive the attached BID for your perusal and comments. We have extended the date for suggestions until 06th August 2021.

However, due to the Covid situation, the chance of us holding a face-to-face public meeting might not be a possibility. But we shall also wait on the pronouncement from the President should the majority feel the need to engage in a physical meeting.

Thanking you for your patience in this regard.

Regards  
ECS Team.
