Dear Mr. Mufeti

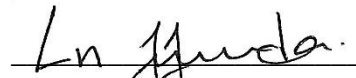

FORMALIZATION OF THE ALREADY EXISTING TSUMEB GUEST HOUSE KAMHO FOR REZONING PURPOSES.

Tsumeb Guest House Kamho is situated in Nelson Dos Santos and 11th Street in Tsumeb and has been in operation for more than 10 years. The owners are desirous to formalize the zoning of the property to bring it in line with land use of the property. This rezoning will not require additional construction of municipal services or new buildings on the property.

Because the proposed rezoning will not result in any physical, environmental and social changes of the properties and the immediate area, an Environmental Scoping Exercise was not carried out for this project. An Environmental Management Plan was however carried out to mitigate the impacts during the operational phase of the project.

Thank you very much for your consideration and looking forward to your response.

Yours Faithfully,

Natangwe Ndakunda (TRP)
