Re: Environmental Assessment: City Sand and Bricks (Pty) Ltd Sand, Stone and Gravel Mining in Various Rivers in Brakwater of the Khomas Region

Dear Sir/Madam

In terms of the Environmental Management Act (No. 7 of 2007) and the Environmental Impact Assessment Regulations (Government Notice No. 30 of 2012) an Environmental Assessment Report is hereby submitted to the City of Windhoek, in support of an application for an environmental clearance certificate. The submission to the City of Windhoek as the competent authority, is made in terms of Section 6(B) of the above mentioned government notice. In terms of section 10 of the same government notice, the City of Windhoek is required to provide their consent and related conditions to such consent to the project team.

Project: River Sand, Stone and Gravel Mining in the Brakwater- Kudu and Klein Windhoek Rivers

Proponent: City Sand and Bricks (Pty) Ltd

Environmental Assessment Practitioner: Geo Pollution Technologies (Pty) Ltd

City Sand & Bricks (Pty) Ltd (hereafter referred to as CSB) are conducting sand, stone and aggregate mining activities along the Otjiseva, Brakwater and Kudu Rivers on the Farms Monte Christo Sud 46 and the Klein Windhoek River on the Farms Wiss 47 (previously known as Tringle 47) and Klein Okapuka 51 in the Khomas Region., approximately 20 km north of the Windhoek in the Khomas Region, Namibia. Operations will comprise the excavation of sand, stone and gravel; loading onto tipper trucks by means of front-end loaders and transportation to a nearby crusher site.

Attached to this letter are the following:

- ♦ Environmental Assessment Report inclusive of the Environmental Management Plan.

Should you require any additional information please contact Geo Pollution Technologies at telephone 061-257411.

Thank you in advance.

Sincerely,
Geo Pollution Technologies
