PUBLIC CONSULTATION MEETING MINUTES:

ENVIRONMENTAL SCOPING ASSESSMENT: PROPOSED DIMENSION STONES & INDUSTRIAL MINERALS' PROSPECTING ACTIVITIES ON EXCLUSIVE PROSPECTING LICENSE (EPL) NO. 6694 (RENEWAL PENDING) LOCATED NORTH-EAST OF TSES SETTLEMENT IN THE //KARAS REGION, NAMIBIA: APPLICATION FOR AN ENVIRONMENTAL CLEARANCE CERTIFICATE (ECC)

Date: Wednesday, 3 November 2021

Time: 12h45

Venue: Vaalgras - Councilors' Office

The Public Consultation Meeting was attended by ten (10) people, which includes three Consultants from Excel Dynamic Solutions (Pty) Ltd (EDS) - **Please refer to the attached attendance register**.

*ALL COVID-19 REGULATIONS WERE ADHERED TO DURING THE MEETING

TRANSLATION OR INTERPRETATIONS OF LANGUAGES

The meeting was done in Afrikaans to make sure that all comments and other inputs presented in the local language were recorded in the minutes for consideration in the ESA Report.

INTRODUCTION AND WELCOMING REMARKS

Honourable Councilor Martin Biwa welcomed everyone to the meeting, requested all the attendees to introduce themselves (including the EDS Consultants and the councilors of Vaalgras) and then handed the floor to Ms. Althea Brandt from EDS. Ms. Brandt expressed gratitude to everyone in attendance for making time to attend the meeting.

1

Physical Address: 112, Robert Mugabe Avenue, Windhoek

Postal Address: PO Box 997154 Maerua Mall, Windhoek

Email: info@edsnamibia.com Web: www.edsnamibia.com

Ms. Brandt briefly explained to the attendees what the meeting was all about and why they were invited (with reference to the Environmental Management Act (EMA) No. 7 of 2007 and its 2012 Environmental Impact Assessment (EIA) Regulations on Public Consultation).

The meeting attendance register was then circulated for the attendees to write down their names, contact details and sign so that they could be added to the existing list of interested and affected parties (IAPs) and receive further information on the ESA process.

MEETING AGENDA AND PRESENTATION

Ms. Brandt presented the agenda of the meeting which included the following main points:

2.1 Explanation of what an ESA is, its Process and the Public Role in the Process

Ms. Brandt explained what an ESA is and that the proposed exploration activities are one of the listed activities in the 2012 EIA Regulations of the EMA that cannot be undertaken without an environmental clearance certificate (ECC) from the Environmental Commissioner.

2.2 Brief Description of the Project

Ms. Brandt gave a brief description of the proposed project activities.

2.3 Presentation of Potential Project Impacts

To ensure transparency and that the attendees understand both sides of the proposed project activities, the Consultant also presented the potential pre-identified potential positive & negative environmental and social impacts.

2.4 Public Open Discussion (Interactive Session)

The meeting attendees were then presented with an opportunity to raise their concerns/issues and or comment on the proposed project activities. The issues and comments recorded are presented in **Table 1** below.

Table 1: Comments and issues raised during the public meeting in Vaalgras on the 3rd of November 2021

Comment/	Issue / comment / question	Response by EAP:
issue No.		
1.	The Proponent plans to explore for Dimension stones and Industrial Mineral, but what if they find other minerals? Are they supposed to apply for a new license? According to the BID, it is mentioned that excavators and bulldozers will be used during the operational phase. Apart from the cattle and goats that we have, there are also other animals such as springboks that can be forced to run away when this machinery is used. How will the Proponent compensate for the loss of these animals if they run away?	Ms. Brandt: The EPL is only valid for the prospecting and exploration of the mentioned commodities; Dimension Stones and Industrial Minerals which the EPL has a potential for. Ms. Brandt: I have taken note of your question and will revert this question back to the Proponent. However, the bulldozers and excavators will not be used throughout the whole day. As I have mentioned that this is only prospecting and exploration and not full mining activities as the Proponent cannot mine on an EPL.
	Why should people from Tses be considered for job opportunities if there is such a high unemployment rate in Vaalgras itself, seeing that the EPL area is closer to Vaalgras then Tses?	It was not clear before coming to site which settlement is closer, therefore we stated that employment will be given to the people from Tses but since Vaalgraas is closer, employment will be provided to the people of Vaalgras and if more is needed it can always be extended to Tses or other local people. We will amend this in the ESA Report to indicate that the local community of Vaalgraas should be given priority for job opportunities before far communities.

Comment/	Issue / comment / question	Response by EAP:
issue No.		
2.	Seeing that this exploration activity will have a negative	It is important for us to focus on exploration works for this project.
	effect on the environment and the people of the affected	If exploration yields economic findings to advance to mining level
	farms, and there are enough minerals to eventually lead	(converting the EPL into a Mining License), the mining will require
	to a mine. Are we allowed to oppose against such further	a more in-depth study. It is however still up to the affected farm
	developments? This land is mainly used for farming and	owners and the Traditional Authority to also give their consent
	at this stage it is not enough for the survival of our	and/or objections of any sort for the commencement of the
	animals.	exploration works, if an ECC is issued by the MEFT. The
		information and comments obtained from this meeting as well as
		other comments received after the meeting will also be addressed
		within the ESA Report and EMP.
3.	If the Proponent does not adhere to what was highlighted	The affected parties can always take pictures/proof and submit a
	in the ESA Report and EMP, what can we as the	complaint to MEFT if the EPL holder does not comply to what was
	Traditional Authority or affected farm owners do about it?	stipulated in the reports or what they agreed on doing.
4.	What would happen if exploration activities commence	I take note of your concern and we will address this issue within
	and farmers start losing their animals due to theft? Will	the report. However, to add on this, should there be undisputed
	the EPL holder compensate for this?	proof that the livestock were indeed lost due to exploration related
	We are also in the process of asking for more land, so it makes it difficult to know that a certain area is being held for exploration works.	activities, the Proponent will be held liable for this, and a Compensation Policy will be enforced and the issue resolved amicably.

Comment/	Issue / comment / question	Response by EAP:
issue No.		
5.	This is a traditional and communal area which means we are not the only ones that can give consent for the proposed project. Most of the people are not physically on the farm. But in	We take note of your comment.
	that area approximately 200-300 people are affected by this EPL. Is there an exact area that will be covered by the EPL that can be demonstrated to us on a map? We would want to see where the EPL starts and ends to know which part of which farm will be affected.	How many farmers/people live on the area covered by the EPL area? The EPL may be big in size however exploration will not be done everywhere on it. There will be selected site areas within the EPL that will be determined by geological mapping and other exploration methods before starting the actual works on the EPL. Therefore, only certain areas of the EPL will be explored.

FINAL REMARKS AND CONCLUSION OF THE MEETING

Ms. Brandt thanked the attendees for their input through comments and raising their concerns. She indicated to the attendees that all their comments, concerns and inputs had been noted down for consideration and addressing in the Environmental Scoping Assessment (ESA) Report as well as incorporating their recommendations into the draft EMP.

Furthermore, she informed the attendees that the draft Environmental Scoping Assessment (ESA) Report together with the meeting minutes, EMP and associated documents will be shared with them for review and further comments. These documents will be made available through emails provided and a hard copy to be printed and couriered to the nearest office in the area and shared with the Traditional authority and local community.

Once review of the draft ESA Report and EMP is done, the Report will be finalized and submitted to the Environmental Commissioner at the Department of Environmental Affairs and Forestry (DEAF) for consideration of an ECC.

The meeting was adjourned at 13h40.

Reg. No: 2019/0817

10 September 2021

NOTIFICATION TO LANDOWNERS IN TERMS OF SECTION 52 OF THE MINERALS (PROSPECTING AND MINING) ACT, 33 OF 1992 AND ENVIRONMENTAL MANAGEMENT ACT, 7 OF 2007 THAT RED ORCHID TRADING ENTERPRISES (PTY) LTD HAS BEEN GRANTED PROSPECTING LICENCE RIGHTS FOR EPL 6694, FOR WHICH THE COMPANY HAS CONTRACTED EXCEL DYNAMIC SOLUTIONS (PTY) LTD'S CONSULTANTS TO CONDUCT AN ENVIRONMENTAL IMPACT ASSESSMENT FOR THE LICENCE.

THE LICENCE COVER THE FOLLOWING FARMS:

Ptn A of Zaris – No. 103
Farm Zaris – No. 103
Ptn 2 of Zaris – No. 103
Klein Daberas – No. 32

IN THE //KARAS REGION.

NOTIFICATION LETTER: ENVIRONMENTAL IMPACT ASSESSMENT STUDY

Dear Key Stakeholder,

Introduction

Excel Dynamic Solutions (Pty) Ltd has been appointed by Red Orchid Trading Enterprises (Pty) Ltd to conduct an Environmental Assessment (EA) process on their behalf and submit an application for an Environmental Clearance Certificate (ECC) to the Environmental Commissioner, in terms of the Environmental Management Act (No. 7 of 2007) and its 2012 EIA Regulations. The assessment study is for proposed exploration works on EPL 6694 located North-East of Tses Settlement in the //Karas Region, Namibia.

Request

As part of the public consultation process, you have been identified as a key Interested and Affected Party with respect to the exploration activities on the license. **Accompanying this letter is the project Background Information Document (BID)**. Should you wish to respond

Reg. No: 2019/0817

to this communique, and/or send us any potential issues and input that you would like to be considered as part of the impact assessment process and addressed in the environmental scoping report, please reach out to our office before or on **Friday, 1 October 2021.**

The site public meeting will be communicated to Registered interested and affected parties.

Therefore, this letter serves to invite the affected Farmer to the Public Meeting, and to:

- 1. Acknowledge receipt of the (this) letter and the enclosed BID
- 2. Indicate your preferred method of communication
- Providing your comments (including convenient time for the meeting) in writing to our offices to the following address: P.O. Box 997154, Maerua Mall, Windhoek, 9000; Email: public@edsnamibia.com or if hand delivered: 112 Robert Mugabe Avenue, Windhoek.

Please contact us should you have any questions.

Yours faithfully,

Nerson Tjelos

Head of Projects

CONSENT

(Section 55(9) of the National Heritage Act, 2004 (Act No. 27 of 2004)) Consent is hereby given to:

09 February 2022

Consent Number No: 93/2022
Name of applicant: Rech Orchid Trading Enterprises (Pty) Ltd
(Title and full name of the applicant)
Address of applicant: P. O. Box 4676
(Address of the applicant and of the applying institution (if applicable)
For: Exploration activities EPL No. 6694 (Dimension stones and industrial minerals
(Type of Activity applied for)
Of: lithic surface scatters and other archaeological objects
(Description of Heritage Resources)
From: Farm Zaris (No. 103) and farm Daberas (No.32)
(Description of the site, location as in the application)

In accordance with:

Archaeological and Heritage Impact Assessment Report for exploration prospective licence (EPL) No. 6694 located in North East of Tses settlement in //Kharas Region in Namibia

(Specify relevant documentation and Permit application date)

The following conditions (imposed in terms of section 55(9) of the Act.) apply to this permit:

- a) that the activity authorised by the consent be supervised by a person with appropriate professional qualifications or experience in the identification and conservation of heritage.
- that any archaeological or palaeontological object or meteorite found in the course of the activity authorised by the consent must be recorded, conserved and dealt with as per the manual on chance find procedures of heritage resources; and
- c) that Namibian citizens, especially members of the local community in and around the project area, be engaged in the activity authorised by the consent for the purpose of identification of heritage resources in the project area as well as of receiving professional training;
- d) that the consent holder reports back to the National Heritage Council every six (6) months on compliance with the conditions of this consent.
- e) This Consent does not exempt the holder from any conditions that may be imposed by owners, hosts or any other relevant authorities in consultation with NHC who have a stake in the project area.
- f) NHC shall not be liable for any losses, damages or injuries to persons or properties as a result of any activities related to this permit.
- g) This Consent is subject to the provisions of the National Heritage Act (Act 27 of 2004). Should any of the conditions contained herein conflict with the Act; the provisions of the Act as per section 55 (10) shall prevail.
- h) Adopt a chance find procedure

- i) A no go area should be put in place where there is evidence of archaeological sites, historical rock paintings, cave/rock shelter or past human dwellings as per the Heritage Impact Assessment report.
- This consent is renewable, upon submission of an application at least two months before the current permit lapses

(List any conditions that the Council may see fit to impose in terms of section 55 (9) of the act

This Consent will be valid from 09th February 2022 to 08th February 2023

Subject: RE: Environmental Scoping Assessment (ESA) for the proposed Exploration Activities on

Exclusive Prospecting License (EPL) No. 6694 Located in the //Karas Region - EA Draft

Report Review

Dear Ms. Kolberg,

Thank you for your comment. I will revisit and update the flora section.

Kind regards, Ms. A. Brandt

Subject: RE: Environmental Scoping Assessment (ESA) for the proposed Exploration Activities on Exclusive Prospecting

License (EPL) No. 6694 Located in the //Karas Region - EA Draft Report Review

Dear Ms Brandt,

The flora assessment is rather poor. The area contains some species of conservation concern, for instance an endemic PLANT FAMILY, only recently described. Of this there is no mention in the report, neither of species that are found there that are protected under Namibian law.

You should really inprove the paragraph on flora.

Kind regards, Herta Kolberg

Subject: RE: Environmental Scoping Assessment (ESA) for the proposed Exploration Activities on Exclusive Prospecting

License (EPL) No. 6694 Located in the //Karas Region - EA Draft Report Review

Dear Interested and Affected Party,

Regarding the Environmental Assessment Process for the Proposed Exploration Activities on Exclusive Prospecting License (EPL) No. 6694 near Tses, we would like to inform you that we have completed the assessment process and the draft Environmental Scoping Report has been compiled. This draft report is now ready for your review and comments as provided for by Regulation 23(2) of the EIA Regulations (GN No. 30 of 2012).

Given the size of the report, some stakeholders may have file size restrictions on their mail servers, we have therefore uploaded the draft Scoping Report, with all its appendices report on MediaFire where it can be downloaded:

https://www.mediafire.com/file/ywntyqku95lxszr/EPL+6694+-+Draft+EA+Report_Public+input+17.02.2022.pdf/file

Should you have any further comments to the Draft Report, we kindly ask that you submit these in writing directly to us on public@edsnamibia.com before 17h00 (5pm) on Friday, 25 February 2022.

Kind regards, Ms. Althea Brandt
